

STRATO-BALLOONISTS REACH 74,187-FOOT ALTITUDE; BAG LANS SAFELY AFTER ATTAINING NEW RECORD

THREAT OF STRIKE BY WPA WORKERS PASSES IN GEORGIA

Officials at Washington
Quiet Rumbles of Labor
Over Country by Bow-
ing to Demands Made
by Skilled Employees.

PROJECTS TO PAY PREVAILING WAGES

Increase of 10 Per Cent
Still Sought for Com-
mon Labor Outside Ful-
ton and DeKalb Counties

Atlanta's WPA labor strike was
settled peacefully yesterday, with
concessions announced from Washington
making all WPA pay throughout the
country uniform and giving to skilled
labor in Georgia, as well as all other
states of the nation, the prevailing
wages of private industry.

"There will be no strike!" was the
announcement last night from A.
Steve Nance, president of the Georgia
Federation of Labor, as he emerged
from a two-hour peace conference with
Miss Gay B. Shepperson, state ad-
ministrator of the WPA.

"We have only one or two problems
to straighten out with Miss Shepperson,
but we will settle these amicably
through conferences and I am sure
we will gain our points. Our principal
efforts right now will be directed
toward getting a general 10 per cent
increase outside of Fulton and DeKalb
counties in Georgia for unskilled work-
ers."

"The 10 per cent increase has been
granted to the unskilled workers in-
side of Fulton and DeKalb counties
and we believe it only fair that the
thousands of WPA unskilled workers
in all other counties of the state be
given some increase in the \$19 to \$27
wages they now receive."

Present at Conference.
J. A. Harper, president of the At-
lanta Federation of Trades, and J.
Sid Tiller, former president of the
Georgia Federation of Labor, were
present at last night's peace confer-
ence, both declaring themselves well
pleased with the friendly solution of
the labor crisis that threatened to em-
broil Atlanta and the rest of Georgia.

E. F. McGrady, assistant secretary
of labor, stopped in Atlanta yester-
day en route from Washington to Bir-
mingham for a conference with local
labor leaders.

In the announcement Miss Shepperson
received yesterday morning, per-

Jenkins Legislator Killed in Car Crash

MILLEN, Ga., Nov. 11.—(AP)—E.
Grady Weathers, legislator from Jen-
kins county and former judge of the
city court of Milen, was killed this
afternoon on the Augusta-Milken high-
way about 10 miles above Waynes-
boro. His body was identified by
Ernest Daniel, of Milen, who was
en route from Augusta and came upon
the accident.

Weathers' car was in a collision
with a heavy truck. Weathers formerly
was judge of the Milen city court, having
recently been elected to make a successful
campaign for election to the assembly.
He also was a former solicitor of the
city court and at the time of his death
was under discussion as a possible
candidate for congress from the first dis-
trict.

He was a Mason, Legionnaire and
member of the Baptist church.
His survivors included a brother,
W. D. Weathers, of Atlanta.

9 Billion Gain Shown In American Income

WASHINGTON, Nov. 11.—(UP)—
Americans earned \$9,000,000,000 more
in 1934 than in 1933 but the national
income was still \$32,000,000,000 below
the peak reached in 1929, the Depart-
ment of Commerce reported today.

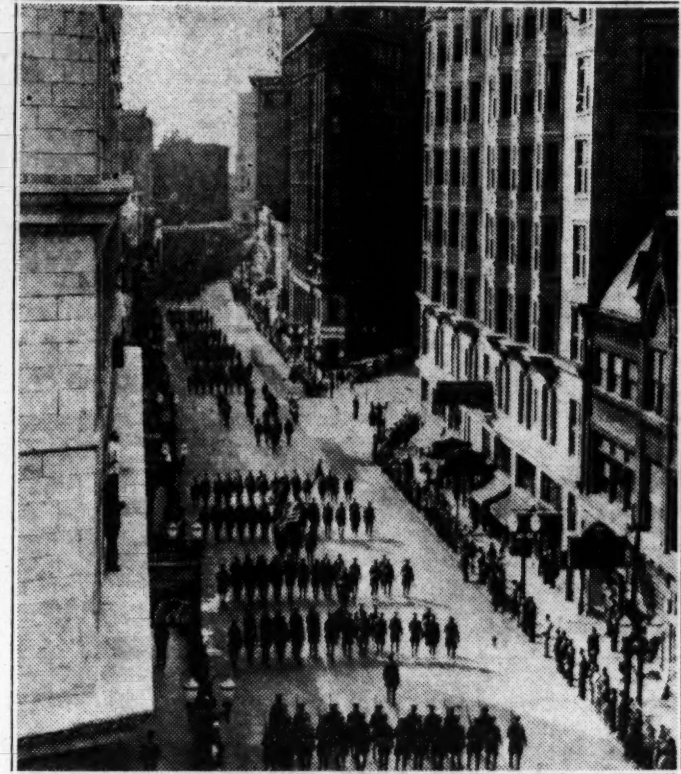

Figures contained in the depart-
ment's November survey of business
showed the public income was \$48,-
561,000,000 in 1934 as compared with
\$39,545,000,000 in 1933 and \$81,034,-
000,000 in 1929.

As Thousands of Atlantans Took Part in Colorful Exercises Marking 17th Anniversary of Armistice Day

Colonel Franklin S. Chalmers, leader in American Legion affairs, and little Miss Mary Baker as "Uncle Sam," are shown above at Grant field, where they took part in the colorful armistice exercises.

The parade in which a dozen bands and thousands of participants commemorated the anniversary of Armistice Day is shown above. The picture shows the line swinging up Peachtree near Broad street.

Major General George Van Horn Moseley, commander of the fourth corps area, at left, was welcomed to Georgia Tech by Dr. M. L. Brittain, president of Georgia Tech, at right. Staff photos by Hiers.

City Pays Tribute to War Victims On 17th Anniversary of Armistice

ROOSEVELT CALLS FOR WORLD PEACE

President Blames Trade Restrictions for Discord Among Nations Abroad.

WASHINGTON, Nov. 11.—(AP)—A
President leading America's Armistice
observance at the sun-drenched tomb
of the Unknown Soldier struck sharply
today at trade restrictions as a cause
of discord among nations.

To thousands gathered with him on
the hallowed heights of Arlington, Mr.
Roosevelt stressed "the power of a
good example" as the "strongest force
in the world," and announced that the
United States and Canada further
had cemented a century of friendship
with an agreement to lift "unreason-
able" trade barriers.

"If we as a nation, by our good
example, can contribute to the peace-
ful well-being of the fellowship of
nations," the chief executive said, "our
course through the years will not
have been in vain."

Plagues Preparedness.
Stressing again and again a need
for peace, the President asserted it
was "the primary purpose" of this
nation to avoid being drawn into war.
At the same time, he pledged "ade-
quate" preparedness. Then, speaking
of "dangers" confronting mankind, he
said: "Jealousies between nations
continue, animosities increase, na-
tional ambitions that disturb the
world's peace are thrust forward. Most

Italy Protests Sanctions Move

Il Duce Warns World Rome Can Take Care of Herself in Europe.

ROME, Nov. 11.—(AP)—Italy for-
mally protested to half a hundred na-
tions tonight the adoption of sanc-
tions by the League of Nations against
her.

"This was disclosed a few hours after
her Premier Mussolini paraded past
his 1,200,000 soldiers and warned the
world that Italy can take care of her-
self in Europe as well as in Africa."

Separate notes were dispatched to
all governments participating in sanc-
tions, one week before they are to go
into effect.

A spokesman explained that al-
though the League itself voted sanc-
tions, it delegated their application
to a committee of representatives of
sovereign nations.

Italy, he added, has received no of-
ficial notice that sanctions have been
invoked, but: "We know they have
been, because we read about them in
newspapers and have experienced their
effects."

He explained that the protests were
made directly to individual nations
rather than through the League, be-
cause Italy regards the sanctions com-
mittee as outside the League. A text
of the note may be made public to-
morrow.

Italy also protested separately to
the Egyptian government because of

FASCISTS PUSH ON TOWARD RAIL LINE

Invaders, on Northern Front, Busy Consolidat- ing Line Near Makale.

ROME, Nov. 11.—(AP)—Ethiopia's
main railway, connecting Addis Ababa
with the sea, appeared tonight to be
the destination of both the Italian
northern and southern armies.

Press dispatches from Africa said
General Rudolfo Graziani's southern
forces, after strengthening its position
at Gorrabel, had pressed farther on
to Dagahur, 20 miles northwest
of Sasa Baneh and only a little over
150 miles from the railway between
the capital and Djibouti, French So-
maliland.

These reports said the troops al-
ready had taken Sasa Baneh after their
success at Gorrabel.

(The Ethiopian government at Ad-
dis Ababa denied the capture of Sasa
Baneh and the Italian advance to
Dagahur.)

In the north, the Italian forces
occupied all the heights south of Ma-
kale, taken Friday, it was stated in
a report from General Emilio De
Bono, Italian commander in chief.

Northern Strategy.
General De Bono said his soldiers
commanded the vicinity of Selicot,
south of Makale, on the road to Amba
Alagi, their next objective. In the
meantime, he stated, troops of the
movements for control of the area be-
tween the captured city of Aksum
and the Takaze river.

(The Ethiopian government said the
army of Ras Seyoum, northern Ethio-

Frakes Fined \$2,500 For Plane Crash Here

MONTGOMERY, Ala., Nov. 11.—
(AP)—Captain Frank F. Frakes, Co-
lumbia (Tenn.) stunt flyer, was
served with a notice of a \$2,500 fine
here today by registered mail by the
bureau of air commerce, United States
Department of Commerce, for crash-
ing an airplane in a lake at Lake-
wood park, Atlanta, Ga., on Octo-
ber 27.

The fine, levied by Joe T. Shumate
Jr., chief of the general inspection
service, bureau of air commerce,
charging Captain Frakes with: Flying
at less than 1,000 feet; doing aerobatics
over a congested area; doing
aerobatics over an open air assembly
of persons; doing aerobatics at less
than 1,500 feet; and doing aerobatics
without a parachute. A fine of \$500
was levied for each alleged offense.

Captain Frakes, who said he was
en route to Gulfport, Miss., on a fish-
ing trip, said he would file a denial
to the charges.

Expressing great satisfaction in the
speedy agreement, King, at a news-
paper conference called immediately
after the Armistice Day ceremonies
on Parliament Hill, said he hoped
the treaty would "show to an anxious
and troubled world a better way of
solving its difficulties."

With no desire to be morbid, I've

King Winter's Belated Appearance Is Slated in Atlanta Area Tonight

Temperatures "Close to Freezing Point" Are Fore- cast for City.

Winter starts its first serious work
of the delayed season late today and
early tonight, with temperatures down
"close to the freezing point," accord-
ing to the weather bureau.

The light freeze is sweeping to At-
lanta and northern and middle Geo-
gia in a cold wave that is pushing its
way eastward from a belt extending
from northern Michigan and central
Texas.

Intermittent rains will fall in At-
lanta throughout today. Temperatures
around 56 degrees forecast for early
this morning will remain stationary
throughout the day and the drop to
"close to the freezing point," will
start shortly after midnight.

"It will be an excellent day to stay
indoors," was the warning yesterday
from George W. Mindling, chief of
the Atlanta weather bureau. "The
rain, according to the best prediction
possible now, should wear itself out
late Tuesday afternoon or early in
Wednesday."

Motorcade officers of the Georgia
national guard and of the Atlanta po-
lice department will be officially in
charge and the signal to start will
be sounded on their sirens.

No Delay Permissible.
A schedule has been worked out for
the entire journey and there can be
no delay at any point en route if the
entire party is to reach Savannah in
time for the opening of the official
program of entertainment there early
Friday night.

All cars entered must be equipped
with radiator or bumper flags, which
can be purchased at any automobile

United States, Canada Announce Trade Pact

OTTAWA, Nov. 11.—(AP)—Definite
agreement on the terms of a reciprocal
trade treaty between Canada and
United States was announced simulta-
neously in Ottawa and Washington
today by Prime Minister MacKenzie
King and President Roosevelt.

Details of the treaty are being kept
closely guarded pending the time when
it will be ready for official signing.
Probably late this week. Details
will be made public simultaneously in
two capitals. King will leave for
Washington, probably Wednesday, to
sign on behalf of Canada, after which
he will proceed farther south for the
holiday he interrupted in order to
conclude the trade negotiations.

Expressing great satisfaction in the
speedy agreement, King, at a news-
paper conference called immediately
after the Armistice Day ceremonies
on Parliament Hill, said he hoped
the treaty would "show to an anxious
and troubled world a better way of
solving its difficulties."

AMERICANS BREAK UNOFFICIAL MARK SET BY RUSSIANS

Captains Stevens, Ander-
son Ride Down in Rig-
ging Above Gondola,
Free Helium Gas From
Envelope on Contact.

ALL OBJECTIVES ACHIEVED BY PAIR

Atmospheric Conditions
in Outer Space Measured
and Cosmic Ray Data
Obtained on Flight.

MITCHELL, S. D., Nov. 11.—
(UP)—Two U. S. army balloonists
came down from man's greatest pen-
etration of the mysterious stratosphere
today to a safe landing in their giant
bag. Explorer II near White Lake,
S. D., west of here, 240 miles south-
east of their starting point at Rapid
City, S. D.

They landed at 4:13 p. m., (Atlanta
time).

The balloon had ascended 74,187
feet, an unofficial record.

Captains Albert W. Stevens and
Orval Anderson brought the giant
bag down on a farm five miles south-
east of White Lake. They quickly
gathered up the folds of the giant en-
velope.

Volunteers were set at guard duty
about the gondola while Stevens and
Anderson prepared to do a radio
broadcast over a farmer's telephone.

Stevens and Anderson rode down
to the ground in the rigging which
fastened the metal gondola to the gas
bag. As the bottom of the metal bag
struck the ground a glancing blow,
Stevens pulled a rip-cord which re-
leased the 3,500,000 cubic feet of
helium gas and the bag collapsed.

Ground Rope Cutches.
Previously, Stevens had valved the
balloon down gradually, after a 500-
foot ground rope caught in a clump
of bushes and anchored the giant bag.
It was a good landing.

Their rate of descent was rapid,
ranging up to 500 feet a minute, due
to the shrinkage of the helium gas
within the 300-foot high gas bag as
the sun's rays lost their heating power.

Stevens and Anderson were forced
to turn from scientific experiments to
navigation. To cushion their rapid
drop they had sacks of lead filings
to jettison. As they neared the earth
they climbed to the rigging with pa-
renchutes on their backs.

In radio messages to the sponsors
of the flight, the National Geographic
Society and the United States army,
the balloonists reported successful

Kingsford-Smith, Co-Pilot Still Lost

SINGAPORE, Straits Settlements,
Nov. 12.—(Tuesday)—(AP)—Royal
Air Force fliers who sent their planes
low over the island and coastline of
the western Malay peninsula reported
today no trace of the missing Aus-
tralian aviator, Sir Charles Kingsford-
Smith, and his copilot, Tom Pethy-
bridge.

An Indian ocean monsoon was be-
lieved to have sent the pair down
Friday while they were attempting to
make a record flight from England to
Australia.

C. James Melrose, who passed
Kingsford-Smith's plane early Friday
morning over the Bay of Bengal, was
participating in the search.

STEAMER HITS ROCKS, 54 PERSONS MAROONED

Rescue Ships Battle Treacherous Seas in Effort To Reach Stranded Group.

MANILA, P. I., Nov. 12.—(Tuesday)—(P)—Trapped on a bleak rock against which the freighter Silverhazel crashed and broke in two, some 54 sailors and passengers were believed alive today as rescue craft battled treacherous seas off Luzon island. Wireless indicated the five passengers, one man and four women, all crew members, were on the rock or the part of the broken ship wedged above water. The crew numbered 49. The United States navy destroyer

The Best GRAY HAIR REMEDY IS MADE AT HOME

YOU can now make at home a better gray hair remedy than you can buy, by following this simple recipe: To half pint of water add one ounce bay rum, a small box of Barbo Compound and one-fourth ounce of glycerine. Any druggist can put this up or you can mix it yourself at very little cost. Apply to the hair twice a week until the desired shade is obtained. Barbo imparts color to streaked, faded or gray hair, makes it soft and glossy and takes years off your looks. It will not color the scalp, is not sticky or greasy and does not rub off. Do not be handicapped by gray hair now when it is so economical and easy to get rid of it in your own home.

Peary arrived this morning at the wreck scene where weather was reported moderating. The Japanese freighter Chicago Maru, which previously had stood by, was en route here after being damaged by heavy seas. Henderson said he was awaiting word of rescue attempts. Other ships standing by were the steamer Tana, the Governor Taft, an interisland steamer, and the United States Steamship Company's New York.

"Any lifeboat with motor would help a great deal," a message from the captain of the New York said. He reported the crew of the Silverhazel appeared to be on the rock-wedged fore part of the stricken vessel. Some 30 persons were on the rock. A. G. Henderson, vice president of the Silver Java Pacific Line, said the Silverhazel, a 3,091-ton craft, apparently struck the rock early Sunday near the end of its voyage from San Francisco to Manila.

"Maybe their wireless was immediately decommissioned," he added, "if so, they have been on the rock two days and one night."

Names of the passengers, announced by the General Steamship Corporation, San Francisco agents for the Silverhazel, were: Mr. and Mrs. George Bissinger, San Francisco, and three Los Angeles women, Mrs. Nell Williams, Mrs. H. N. Serling and Mrs. C. E. Williams. Bissinger is an executive of the Philippine Calamba Sugar Company.

Missing Girl Found. BOSTON, Nov. 11.—(P)—A few hours after a hunt was begun for Gwendolyn Green, 9, reported to have vanished with an unkempt stranger, police reported the child had been found unharmed at an aunt's home. They said she told of being engaged for an errand by the stranger.

DEPRESSION LOSS SET AT \$26,631,000,000

Commerce Department Reveals Heavy Business Toll From '30 to '34.

WASHINGTON, Nov. 11.—(P)—Figures showing that depression lopped \$26,631,000,000 off the nation's business from 1930 to 1934, inclusive, were made available for the first time today by the Commerce Department.

The figures were estimates showing how much income the nation produced, that is the value of goods and services, against the amount it paid out, or dollars actually distributed in wages, dividends and the like.

In 1934, the loss was \$1,628,000,000, a drop of about half from the loss of \$3,051,000,000 in 1933. The loss occurred despite a gain in the national income from \$44,940,000,000 in 1933 to \$50,189,000,000 in 1934.

The loss represents the amount the country's corporations drew from their previously established surpluses to pay dividends, wages and other expenses. They paid out more than they produced in every year since 1925, when there was a business saving of \$2,402,000,000.

In 1934 the value of goods and services, minus the value of raw materials used and plant equipment worn out, was \$48,561,000,000. But income paid out—the national income—was \$50,189,000,000, so that business drew \$1,628,000,000 from its surplus to make these payments.

The value of the goods and services was, however, much greater than in 1933, when it was \$41,380,000,000. In 1932, the business loss was \$8,817,000,000; in 1931 \$8,120,000,000; in 1930, \$5,015,000,000.

Vast Land Holdings Characterize Heritage of Slave Days in Brazil

Small, Primitive Town Has Home With Every Modern Convenience; Owner's Farm Takes in Mountains, But Peons Get Six Cents a Day.

This is the 40th in a series of articles on South American travel by the Rev. Henry Edward Russell, of McDonough, Ga.—Editor's note.

VARGINHA, Minas, Brazil.—We came here today from a small Brazilian town that is known by the name of Nepomuceno.

While in Nepomuceno we were guests in the home of one of the large fazenda owners. Delightful hospitality greeted us, entertained us and bade us farewell. The little unimproved city was spread over red hills that are covered with thick coffee. Adobe and mud houses are a characteristic.

Finer homes are to be found. During our stay in the town only two automobiles were seen, one had brought us over from the railroad at Lavras, the other had come to bring us to Varginha. Despite the primitive appearance of the town, the home of our host was equipped with almost every conceivable convenience of modern ingenuity except air conditioning. It was apparent that he was well favored with the things of this world and was looked to by the villagers as "the man of the big house."

Beautiful View. One morning we walked to one of the large double windows in "our house" and with a sweep of his hand our host pointed to the rolling hills that joined a mountain range miles away and said:

"Boa vista," which being interpreted means beautiful view. It was easy to agree. A lake of several acres in size was in the foreground. Bamboo groves bordered this lake. Rolling green hills spotted here and there with flocks, herds and trees extended on. Of course it was a beautiful view. Later in the day, while riding along a rough road, our friend, who could

speak some English said: "There's my farm," as he said this he was pointing to a mountain range in the distance and said, "This is my farm" really doesn't know what his holdings are. This large land ownership is an exaggerated example of property distribution in this country.

That part of the population that reproduces most rapidly is the same element that served as slaves as recently as 47 years ago and, no doubt, to many of them it has never occurred that they could own land and if it did they would probably deem this as undesirable as it would entail responsibility.

Rice, Coffee Mill. It was in Nepomuceno that we saw our first rice and coffee mill in operation. Ox carts loaded with the cereal and beverage bean come to the mill. The bags are carried into the husking room. After the husk is removed from the coffee then the human element comes into play again. The coffee is culled. Women and girls squat about on the floor of the armazem or warehouse with broad shallow baskets woven from native straw and pick out the faulty coffee.

The question was interposed: "How much are they paid per day?" "One milreis," was the answer. A milreis is worth about six cents in the currency of the United States.

The ox carts that are used through out this country are interesting. We have seen as many as 14 of these huge beasts hitched to one cart. Often six teams will be hitched in front to pull and one team behind to serve as breaks on steep hills. It is safe to say that no highways exist in this interior. There are roads, narrow and rough, and in wet weather muddy beyond description. The oxen are not allowed on the roads that have been cut out with large hoes for the automobiles. This means that two trails parallel each other. At each fence there is a gate for the animals and a stockbridge for the cars.

In Nepomuceno we were met by a Georgian who has made his home in this land for a number of years, the

GUARD ADJUTANTS MEET HERE TODAY

Problems of Training and Supply To Be Thrashed Out.

Adjutant generals from the eight southern states of the fourth corps army area will assemble in Atlanta today for an all-day conference to thrash out the problems of training and supplies for national guard troops in the south.

Places and dates for active duty training for the various guard units in the south will be selected at the conference and during the day the large conference will break up into a number of small conferences, at which problems affecting various staff officers will be discussed.

Visiting Atlanta with the heads of the guard units of each state will be certain staff officers and the commanding generals of the two national guard divisions in the south, Georgia, Alabama, Florida, Louisiana, Mississippi, the Carolinas and Tennessee will be represented.

General George Van Horn Moseley, corps area commander, will meet the visitors at 9 o'clock and at 1 o'clock he will entertain them at luncheon at the Capital City Club.

At 5 o'clock Colonel Benjamin M. Bailey, fourth corps officer in charge of national guard affairs, and Mrs. Bailey will entertain at a reception at their home, 1371 Peachtree street.

PAIR SHATTER RECORD SET BY AMY MOLLISON

HANWORTH, England, Nov. 11.—(P)—David Llewellyn and Mrs. Jill Wyndham arrived here by plane from Capetown today, breaking the flight record established by Mrs. Amy Mollison in December, 1932. Llewellyn and Mrs. Wyndham completed the northward flight in six days, 12 hours, three minutes, beating Mrs. Mollison's time by more than 19 hours. Her time was seven days, seven hours, five minutes.

Rev. Augustus L. Davis, in giving the location of his home place in Georgia, Rev. Mr. Davis said that when he was growing up they could haul their fertilizer from either Crawfordville or Robinson, but added that Robinson was a bit the nearer. Mr. Davis' mother is making her home in Atlanta at present. It is our pleasure to be guests in his home for several days.

'NO RELIEF AID GIVEN BY GEORGIA'—HOPKINS.

State Is One of Six Listed as Contributing No Funds.

By THOMAS J. HAMILTON JR., Associated Press Staff Writer. WASHINGTON, Nov. 11.—(P)—Harry L. Hopkins reported to President Roosevelt today that six states—Florida, Georgia, Nebraska, North Carolina, North Dakota, and South Carolina—contributed no state funds for relief during the five years ending June 30, 1935.

Kansas, which Hopkins asserted recently had put on a "thin dime" of state funds, was shown to have supplied \$300,630 during that period. The relief administration report for July listed the total for 42 states at \$532,945,373. Contributions from local governments were not given, but a survey of the cost of relief for January, 1935, through July, 1935, gave this breakdown: Federal \$2,524,246,738; state, \$434,519,964; local, \$584,183,083; total, \$3,548,949,785.

State relief expenditures in the 12 months ended June 30, 1935, were given at \$220,000,000. This compared with \$500,000,000 said by Hopkins to be available from state and local sources to provide for unemployed during the current year.

The four states contributing most to relief were: New York, \$119,339,098; Pennsylvania, \$93,289,230; Illinois, \$74,457,684; New Jersey, \$58,548,324. Aside from the six which contributed nothing, the smaller relief spenders included: Alabama, \$26,152; Arkansas, \$270,374; Idaho, \$850,774; Indiana, \$145,525; Louisiana, \$148,321; Massachusetts, \$490,091; Mississippi, \$167,000; Vermont, \$39,494; Virginia, \$26,248.

Other state contributions: Arizona, \$2,168,801; California, \$27,289,324; Colorado, \$1,779,000; Connecticut, \$7,429,063; Delaware, \$2,108,000; Iowa, \$3,001,282; Kentucky, \$2,108,000; Maine, \$2,096,429; Maryland, \$13,305,123; Michigan, \$20,000,000; Minnesota, \$4,270,782; Missouri, \$6,084,062; Montana, \$506,359; Nevada, \$45,796; New Hampshire, \$2,334,293; New Mexico, \$179,638; Ohio, \$36,918,087; Oklahoma, \$1,054,450; Oregon, \$2,405,363; Rhode Island, \$7,556,285; South Dakota, \$275,922; Tennessee, \$1,181,153; Texas, \$16,723,564; Utah, \$2,653,648; Washington, \$4,744,489; West Virginia, \$3,797,774; Wisconsin, \$8,279,774; Wyoming, \$108,300.

3 WOMEN KILLED IN STATE CRASHES

Augusta Accident Fatal to Carolinans; Emanuel Girl Killed.

AUGUSTA, Ga., Nov. 11.—(UP) Mrs. S. L. Moore and Mrs. Estelle H. Smith, both of Ashville, N. C., were killed instantly early today when their car left the road near here and crashed through a filling station.

Miss Lillian Moore, daughter of Mrs. Moore, received a broken ankle. Miss Vivian Smith escaped without injuries. The party was en route to Florida from Greenville, S. C. The accident occurred about 1 a. m.

Witnesses said the roof of the filling station collapsed on the car and that deputies found it necessary to tear part of the car away to extricate the two women. Mrs. Moore was dead. Mrs. Smith died en route to an Augusta hospital. County officials said that no inquest would be held.

GIRL IS KILLED IN RIVER CRASH

SWAINSBORO, Ga., Nov. 11.—(P) Heroic work of Walter L. Rich today was praised for saving four persons when their car plunged into the Canoochee river yesterday. Lucile Faglee, 14, daughter of Mr. and Mrs. Homer Faglee, of Emanuel county, was killed when the car turned over on the bridge and was submerged in six feet of water. Rich, son of Rev. and Mrs. Allen Rich, broke the window of the car and brought the trapped persons to the river bank. He rescued Abner Faglee, 18, driver of the car; Gladys Faglee, 12; Cornelia Rich, 14, and Evelyn Martin, 14. He also brought to the bank the body of Lucile Faglee. Cornelia Rich and Evelyn Martin were the only ones who escaped injury.

PLANS TAKE SHAPE FOR BIRTHDAY BALL

Roosevelt Again Asked To Lend His Anniversary To Aid Cause.

WASHINGTON, Nov. 11.—(P)—A committee, headed by Henry L. Doherty, the utilities magnate, is making arrangements for another nation-wide "birthday ball" to honor President Roosevelt and provide funds for fighting infantile paralysis. The President was asked by Doherty to lend his fifty-fourth birthday anniversary, January 30, "to this great humanitarian cause." Before agreeing to the plan Mr. Roosevelt communicated with the Georgia Warm Springs Foundation.

Basel O'Connor, treasurer of the foundation, recommended that 70 per cent of funds from the dances be retained locally for after-treatment and that 30 per cent be turned over to the chief executive for presentation to the foundation "for the continuance and extension of its part in the nation-wide fight against infantile paralysis."

ONE BODY RECOVERED AS 7 NEGROES DROWN

WOODBINE, Ga., Nov. 11.—(UP) The body of one of seven negroes, drowned when a truck ran into their car, forcing them off the State highway, was recovered today. Sheriff J. B. Godley said today.

Carrie Bell Williams, a negro, was the only survivor. Sheriff Godley said she floated to safety about a mile downstream, clinging to a section of the bridge rail. E. A. Westberry, who witnessed the accident, yesterday, said the truck heading north, sideswiped the negroes' car, plunging it off the bridge more than 30 feet above the river. The truck stopped. Westberry said, and he could hear one of the men in it say, "They went off the bridge. I think we better get away from here as fast as we can." The truck continued north.

Warnings to stop all trucks was sent to cities north of Woodbine, but no arrests have been made. When the car was removed from the river, the top was found shorn off. Thus far, only one of the seven bodies has been recovered.

Among the dead are four unidentified adult negroes, and the three children of Carrie Bell Williams.

Of course, I'm just getting them in case the boys should call—

They do say they're milder and taste better — and I've heard tell they satisfy

NEW DEAL IS ATTACKED BY AMERICAN BANKERS

Financiers Oppose Federal Government Competition in Industry.

NEW ORLEANS, Nov. 11.—(AP)—The "New Deal" banking program drew a crossfire of criticism from half a dozen outstanding financiers at the opening of the American Bankers' Association's 61st annual convention here today.

Displeasure over what was termed the "federal government's continued competition" for deposits, through the postal savings system, and for loans through the several "emergency" agencies, was expressed by leaders in three different fields of the banking business.

Since the opening day's program was given over to sectional meetings, there was little opportunity for supporters of the Rooseveltian policies to assert themselves. But leading "New Dealers" have been given places on the general session program, which will open tomorrow with President Rudolf S. Hecht's annual address.

WASHINGTON, Nov. 11.—(AP)—Edsel Ford, president of the Ford Motor Company, today rejected curtly the government's invitation to participate in a business-labor conference on needs for a new NRA.

A letter three sentences long, addressed to George L. Berry, President Roosevelt's industrial co-ordinator, said: "We have not participated in such conferences in the past and our observation of their effect upon the recovery of the nation's economic health has not convinced us that any beneficial end will be served by them now."

"Our experience and counsel, to which your letter refers, are always at the service of the government. 'Hitherto unquestionable acquiescence' and not counsel has been asked."

Berry made public the letter from the son of the noted manufacturer. The Ford company never signed a certificate of compliance under NRA. Its rejection today of the December 9 conference invitation aligned it with the rest of the automobile industry.

In a reply to Ford, Berry wrote that "incredible as it may seem, what I want is counsel and not unquestionable acquiescence."

CHANDLER IS AHEAD IN KY. BY 94,290 VOTES

LOUISVILLE, Ky., Nov. 11.—(AP)—The majority of Lieutenant Governor A. B. (Happy) Chandler, democrat, piled up over Circuit Judge King Swope, republican in last Tuesday's primary stood at 94,290 today with 13 of the state's 429 precincts still untabulated. Chandler's vote was 554,367 and Swope's 480,077. Jackson county, a mountain republican stronghold, still was tabulating, with five more precincts to finish and McCracken, heavily democratic, still had eight precincts to tabulate.

Also in the three days before their first public session Thursday they will study the possibility of an international understanding on agriculture.

This, leaders said, may be in the form of an appeal to farmers of other lands to regulate production along with Germany and profit by restricted, orderly products to the reich.

MRS. G. W. RAMEY TO BE BURIED TODAY

Services for Well-Known Atlanta Woman To Be Held at Newnan.

Funeral services for Mrs. George W. Ramey, wife of George W. Ramey, retired official of the Atlantic Steel Company, will be held at the graveside in Newnan at 11:30 o'clock this morning. Dr. James W. Johnson, pastor of St. Mark Methodist church, Atlanta, will officiate.

Mrs. Ramey was popular and widely known for her many charitable and church activities. She was the daughter of the late Joseph E. and Mrs. Elizabeth Dent of Newnan, where she spent her girlhood days.

Besides her husband she is survived by two daughters, Mrs. E. B. Irvin and Mrs. Duncan Haigner; a son, George W. Ramey Jr.; two sisters, Mrs. J. T. Kirby and Mrs. N. E. Powell, both of Newnan, and a brother, H. W. Dent, of Atlanta.

The funeral cortege will leave the residence, No. 791 Myrtle street, N. E., at 9:30 o'clock this morning. The pallbearers have been selected from Mrs. Ramey's girlhood friends in Newnan.

CULVER KIDD IS NAMED TECH CLASS PRESIDENT

Culver Kidd, varsity basketball player of Milldeville, was elected president of the senior class at Georgia Tech, an officer of the student council announced after the final election returns last night. Don Holsenback and James Rankin, both of Atlanta, were elected vice president and secretary-treasurer, respectively, by the seniors.

Officers of the junior class are Dick Beard, president; Charley Preston, vice president; Harry Appleby, secretary-treasurer. Sophomores elected Jack Nixon, president; J. T. Morgan, vice president, and Fletcher Sims, secretary-treasurer. Results of the freshman class election will be announced today.

JACK SPRATT NOW EATS FAT AND ANYTHING ELSE IN SIGHT, NO STOMACH SOUR CAN KNOCK HIM FLAT... FOR TUMS HAVE SOLVED HIS PLIGHT!

WHO ELSE WANTS TO FORGET SOUR STOMACH? THE way to eat favorite foods and avoid heartburn, gas, indigestion, and other symptoms of acid indigestion is no secret now. Millions carry Tums. Nothing to mix up. No drooping your stomach with harsh alkalies, which doctors say may increase the tendency to acid indigestion. Just enough of the antacid in Tums is released to neutralize the stomach acid. The rest passes off. Cannot over-alkalize the stomach or food. You never know when you carry a roll always. 10c at all druggists.

In a reply to Ford, Berry wrote that "incredible as it may seem, what I want is counsel and not unquestionable acquiescence."

CHANDLER IS AHEAD IN KY. BY 94,290 VOTES

LOUISVILLE, Ky., Nov. 11.—(AP)—The majority of Lieutenant Governor A. B. (Happy) Chandler, democrat, piled up over Circuit Judge King Swope, republican in last Tuesday's primary stood at 94,290 today with 13 of the state's 429 precincts still untabulated. Chandler's vote was 554,367 and Swope's 480,077. Jackson county, a mountain republican stronghold, still was tabulating, with five more precincts to finish and McCracken, heavily democratic, still had eight precincts to tabulate.

Also in the three days before their first public session Thursday they will study the possibility of an international understanding on agriculture.

This, leaders said, may be in the form of an appeal to farmers of other lands to regulate production along with Germany and profit by restricted, orderly products to the reich.

MRS. G. W. RAMEY TO BE BURIED TODAY

Services for Well-Known Atlanta Woman To Be Held at Newnan.

Funeral services for Mrs. George W. Ramey, wife of George W. Ramey, retired official of the Atlantic Steel Company, will be held at the graveside in Newnan at 11:30 o'clock this morning. Dr. James W. Johnson, pastor of St. Mark Methodist church, Atlanta, will officiate.

Mrs. Ramey was popular and widely known for her many charitable and church activities. She was the daughter of the late Joseph E. and Mrs. Elizabeth Dent of Newnan, where she spent her girlhood days.

Besides her husband she is survived by two daughters, Mrs. E. B. Irvin and Mrs. Duncan Haigner; a son, George W. Ramey Jr.; two sisters, Mrs. J. T. Kirby and Mrs. N. E. Powell, both of Newnan, and a brother, H. W. Dent, of Atlanta.

The funeral cortege will leave the residence, No. 791 Myrtle street, N. E., at 9:30 o'clock this morning. The pallbearers have been selected from Mrs. Ramey's girlhood friends in Newnan.

CULVER KIDD IS NAMED TECH CLASS PRESIDENT

Culver Kidd, varsity basketball player of Milldeville, was elected president of the senior class at Georgia Tech, an officer of the student council announced after the final election returns last night. Don Holsenback and James Rankin, both of Atlanta, were elected vice president and secretary-treasurer, respectively, by the seniors.

Officers of the junior class are Dick Beard, president; Charley Preston, vice president; Harry Appleby, secretary-treasurer. Sophomores elected Jack Nixon, president; J. T. Morgan, vice president, and Fletcher Sims, secretary-treasurer. Results of the freshman class election will be announced today.

JACK SPRATT NOW EATS FAT AND ANYTHING ELSE IN SIGHT, NO STOMACH SOUR CAN KNOCK HIM FLAT... FOR TUMS HAVE SOLVED HIS PLIGHT!

WHO ELSE WANTS TO FORGET SOUR STOMACH? THE way to eat favorite foods and avoid heartburn, gas, indigestion, and other symptoms of acid indigestion is no secret now. Millions carry Tums. Nothing to mix up. No drooping your stomach with harsh alkalies, which doctors say may increase the tendency to acid indigestion. Just enough of the antacid in Tums is released to neutralize the stomach acid. The rest passes off. Cannot over-alkalize the stomach or food. You never know when you carry a roll always. 10c at all druggists.

GROUP OF MERCHANTS NAMED FOR F. D. R. DAY

New Committee Appointed
and General Division Is
Augmented by Six.

Major Trammell Scott, chairman of Mayor Key's reception committee for the Roosevelt Homecoming Celebration, yesterday announced the appointment of a merchants' division of the committee and the appointment of six additional members of the general division.

The merchants' division is to be headed by Charles J. Williamson, the chairman for the group. Others appointed by Major Scott include Perryman Little, H. Mendel, Miller Rice, I. D. Waites, C. E. Allen, H. S. Collinsworth, Arthur Kitchens, Fred Lewis, J. T. Braswell and C. E. Purcell.

Those added to the general division, headed by W. A. Sirmon, include Colonel J. C. Woodward, Scott Candler, Sam Meyer, Dr. John Hope, C. B. Gramling and Alderman I. Glover Bailey.

Major Scott reported that all divisions of the general committee were functioning and that all details of the reception of the tens of thousands of visitors coming here for the Roosevelt celebration were being worked out.

The city of Quitman yesterday was added to the mounting list of Georgia municipalities which have declared holidays for the homecoming celebration November 29.

Chairman Bennett McDonald, of the Quitman city commission, announced that the commission had adopted the holiday resolution and that all of the city schools would be closed. He added that a large delegation from Quitman and Brooks county was expected to be in Atlanta.

Meanwhile at Fitzgerald it was announced that a four-county motorcade would be formed there for the trip to Atlanta. Ben Hill county, Wilcox county, Irwin county and Coffee county will form the cadre.

SCHOOL LIBRARIES DISCUSSION TOPIC

Sixty Delegates Here for 3-Day Meeting of Southern Associations.

Education for school library service and employment under standards of the Southern Library Association were discussed yesterday by 60 delegates from the southeastern and southwestern associations at a meeting in the Biltmore hotel. Louis Round Wilson, president of the American Library Association, presided.

J. Henry Highsmith, chairman of the committee on library standards, spoke on education for school library service, and Charles H. Stone, representing the southeastern association, and Lois F. Shortess, representing the southwestern division, led the discussion. Eleanor M. Witmer, member of the board of education for librarianship, also spoke.

Discussions on education and employment continued through the afternoon. At the session last night Miss Witmer spoke on the future of librarians and the librarian. Meetings will continue today and committee chairmen will remain for special sessions tomorrow.

Life Insurance Conferees for 28 Years

Major Robert J. Guinn (left), general agent of the New England Mutual Life, and G. S. Hastings, of Boston, superintendent of agencies for the company. Mr. Hastings' appointed Major Guinn as general agent 28 years ago. Staff photo made in Major Guinn's office in the Candler building.

'Peer Gynt Suite' To Be Feature At Matinee of Symphony Group

By MOZELLE HORTON YOUNG.

One of the features of the students' matinee performance of the National Symphony orchestra, with Hans Kindler conducting, to be given for the children and students of Atlanta and vicinity at 2:30 o'clock Wednesday afternoon at the Fox theater, will be the famous "Peer Gynt Suite," by Edward Grieg, Norway's greatest composer.

This suite holds particular appeal for the story which inspired the composition is a fascinating one. Peer Gynt, a character taken from Norwegian folklore, is a ne'er-do-well, son of a poor widow, Ase. He is full of wild and fantastic dreams for his future, but his mother is the only person who believes in him. He goes uninvited to a wedding and kidnaps the bride, taking her high up into the mountains, where he tells her that she is not half so attractive as Solveig, with whom he danced at the wedding. The next morning Peer Gynt deserts his stolen bride, and wanders through the mountains, until at nightfall he finds himself in the hall of the King of the Dovre Mountains.

He is entertained by the imps and elves until they discover he has wooed

the king's daughter, then they begin to torture him and leave him on the side of the mountain to die. Here he is found by Solveig, who has left her family and followed him to share his lot. They build a little mountain hut and live happily until the imps once more appear to torture him. He deserts Solveig, and returns to his home, where he finds his mother dying. Later, after many adventures, he finds himself a very rich man in Morocco. Suddenly his wealth is taken from him and he steals a horse and flees across the desert, where he meets a beautiful maiden, Anitra, who dances for him so bewitchingly that he gives her all his remaining jewels and gold. But his thoughts return to Solveig, and he decides to return to his native land. After many hardships he reaches home, finds Solveig patiently waiting for him, and dies contentedly in her arms.

The numbers of the suite are "Morning Mood," "The Death of Ase," "Anitra's Dance," and "In the Hall of the Mountain King."

Another highlight of the program will be 250 selected voices from the high schools of Atlanta singing with the orchestra. They will sing the "Pillgrim's Chorus," from Wagner's "Tannhauser;" "Dear Land of Home," from Schubert's "Finlandia," and "Unfold, Ye Portals," from Gounod's "Redemption." Other numbers by the orchestra are "Marche Militaire," by Schubert; "Serenade and Gigue," from Bach's "Suite in B Minor," and the "Procession of the Sardar," from "Caucasian Sketches," by Ippolitov-Ivanov.

The program is designed especially for the enjoyment of the youth of Atlanta and for the educational value of their artistic appreciation, though adults are invited to come if they desire. Admission for children is 25 cents, for adults \$1.

The program for the evening, at 8:30 o'clock Wednesday, is designed for adults and is the second in the season's All-Star Series.

LIFE INSURANCE LEADER IN SERVICE 28 YEARS

Guinn Again Meets Superintendent Who Named Him
General Agent in 1908.

Major Robert J. Guinn, general agent of the New England Mutual Life Insurance Company, and G. S. Hastings, of Boston, superintendent of agencies for New England Mutual, celebrated an anniversary of importance Monday in the company's offices in the Candler building.

Twenty-eight years ago Mr. Hastings, then newly appointed superintendent of agencies, first discussed with Major Guinn the latter's appointment as general agent for New England Mutual. Negotiations were satisfactorily concluded later and on January 1, 1908, Major Guinn became one of 30 general agents for New England Mutual and the first to be appointed by Mr. Hastings in his new capacity as superintendent of agencies.

Mr. Hastings will be in Atlanta for several days for an agency conference and arranged his trip to coincide with the anniversary of his first meeting with Major Guinn.

Major Guinn in discussing the agency's business for the year said: "We are especially gratified at our showing as we have just registered the largest month's business for October and also for the first nine months of 1935, that we have enjoyed in the past seven years."

Mr. Hastings, who has a record of 48 years of service with the New England Mutual in various capacities, commented on various striking changes in the life insurance business.

"One of the outstanding business facts of the present century is the public's change toward the purchase of life insurance and toward those who solicit it. This is reflected in the growth of the institution during the past 35 years. The outstanding insurance of all United States companies has increased from \$6,947,097,000 in 1900 to the tremendous total of \$104,446,703,000 on January 1, 1935."

"It should be interesting to southerners to know that the New England Mutual was the first life insurance company to enter the southern states. Agencies were established at Savannah, Mobile and Charleston in 1844."

"The New England Mutual is one of the 15 largest life companies in the country. Its outstanding insurance exceeds \$1,315,000,000, including some \$28,000,000 on Georgians," Mr. Hastings said.

VETERAN FIREMAN FETED AT DINNER

C. S. (Monk) Dewell
Rounds Out 25 Years' Service
in College Park.

A veteran of the College Park fire department since the days of the bucket brigade, C. S. (Monk) Dewell was honored recently by College Park officials as he rounded out 25 years of service with the fire fighters.

Mayor E. D. Barrett, Fire Chief T. L. Mewborn and members of the College Park city council and the fire department, were hosts at an oyster supper for Fireman Dewell.

The veteran was presented a silver loving cup as the mayor and other officials spoke words of praise for his faithful work during the last quarter of a century.

When he was first a member of the department, blazes were fought by citizens and volunteer firemen alike. They dashed gallons of water on the flames from buckets passed from hand to hand. Then came the old hand hose reel and the horse to pull the fire wagon. Years ago College Park's fire department went modern and purchased mechanized fire-fighting equipment. Through the years Dewell has been constantly at his post in the volunteer fire department. Mayor Barrett said the department is one of the most efficient in the country.

Among those present at the supper, in addition to the honor guest, the chief and the mayor, were Firemen Paul Travis, O. H. Cook, W. C. Hudson, A. D. McLendon, E. L. Smith, W. E. Livingston, P. D. Fife and T. L. Bearden, and City Councilmen T. M. Keener, W. V. Flowers, Fred Dinkler, W. E. Stinson, T. O. O'Neal and J. A. Godby. R. W. Fitzpatrick gave reminiscences of the early days of the College Park fire department.

ELDER M. C. BANKS DIES AFTER SHORT ILLNESS

Elder M. C. Banks, widely known Primitive Baptist minister, of 112 Eastfield avenue, died yesterday at a private hospital after a short illness. He was 54 years of age.

A resident of Atlanta for 15 years and a native of Bryant county, he had held several pastorates in Georgia and Alabama before coming to the city. He took an active part in church and civic affairs here.

Surviving are his wife; a daughter, Mrs. Frank Bostwick, and two sons, Carl and M. C. Banks Jr.

Funeral services will be held at 3 o'clock this afternoon at the Bethany Primitive Baptist church. Burial will be in Hardeman churchyard, near East Atlanta.

ATLANTA HOTEL MEN LEAVE FOR MEETING

A group of prominent Atlanta hotel executives left Atlanta last night by a special Seaboard train for Atlantic City to attend the annual convention of the American Hotel Men's Association, which opens there tomorrow.

Convention delegates include Mr. and Mrs. L. O. Mosley, Wincoff hotel; W. J. Brady, Piedmont; Carling Dinkler and William G. Hastings, Dinkler hotels; Collins Bird, Ansley hotel; Stephen Styron, secretary of the Georgia Hotel Men's Association, and Mr. and Mrs. Vill Yon and daughter, Atlanta hotel.

Out-of-town hotel representatives, who left on the same train were H. L. Dayton, Albany; Mr. and Mrs. Herbert M. Block, Macdonald-Horace Caldwell, Valdosta; W. P. Martin, Augusta, and J. O. Slaughter, Columbus, Miss.

FUNERAL IN SAVANNAH FOR FATHER DOLLINGER

Office for the dead was said at 7 o'clock last night for the Rev. Fr. Jerome Dollinger at the Church of Our Lady of Lourdes and solemn requiem mass will be celebrated at 9 o'clock this morning at the church, with the Rev. Fr. J. Weiss officiating.

Father Dollinger died here suddenly Sunday night while en route from Macon, where he had filled the pulpit of the St. Peter Claver church for the last month, to Tenafly, N. J.

A veteran of more than 15 years in the African missionary service, the priest had served for the last several years at missionary headquarters at Tenafly. He was visiting Father Weiss here when stricken.

The body will be taken by Sam R. Greenberg & Company to Savannah for burial.

MUSCULAR PAINS ENDED IN NO TIME

Science Has Never Been Able To
Improve on This Simple, Half-
Century-Old Treatment

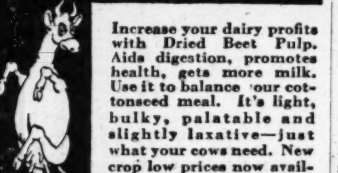

The proof of the pudding is certainly in the eating... and that is why millions of sufferers from body pains swear by Johnson's Red Cross Plasters. They are so easy and clean and pleasant to use. No fuss, no muss. No bother. They begin relieving instantly. They end all pain fast. Wear them while you work. They lift off easily.

Their soothing, warming, massaging support of aching parts, and their medication, which is absorbed through the skin, make these Johnson's Red Cross Plasters invaluable in all cases of dull, sharp or throbbing pains in shoulders, back, legs, arms, abdomen, or chest... particularly in lame back, lumbago, rheumatism, stiffness and sprains.

The value and effectiveness of this time-tried method of pain relief is shown by the fact that millions of people buy Johnson's Red Cross Plasters every year and will have nothing else. They know what these remarkable plasters do. For, despite their successful use for nearly half a century, these plasters are as modern as today's automobiles... and the most economical known. Science has never found a way to improve on them. For your own comfort and relief, then, insist on the genuine... identifiable by the Red Cross on every plaster.

Made by Johnson & Johnson, the world's largest makers of surgical dressings, and sold by practically every druggist. Adv.

BANK CREDIT SCALE

Do you know... YOUR OWN VALUE?

RECORDS of the years show that the foundations for fortunes have been laid in depression times. The biggest asset a man or a business has today is credit.

With credit, money can be bought at very reasonable rates. With money—cash in hand or available at the bank—business men can purchase inventory for business, raw materials for manufacturing, real estate—at advantageous prices. With it they can increase operating profits through discounting bills. The uses are as wide and varied as the vision of smart men.

Do you know what your credit can buy in bank loans today? Are you missing an opportunity to get money at reasonable rates and to use that money at a profit? There are keen men who are doing this right now.

We want to put money to work. We are ready to make loans in any amount. We know there are many business men who could make money with money—and who have the credit with which to procure it through a bank loan. Why not measure the purchasing power of your credit at our bank? It may be the base of a fortune. If you are interested, our officers will gladly talk with you.

NAVY PILOT'S BODY, PLANE FOUND IN BAY

ANNAPOLIS, Md., Nov. 11.—(AP)—The body of Lieutenant Mathias M. Marple, navy pilot, killed October 30, was found today in his wrecked airplane on the bottom of the Chesapeake Bay, three miles off shore. Word that the flyer's body and the wreckage of his plane had been discovered was sent to Captain J. P. Shafroth, commander of the Naval Academy training ship Reina Mercedes, by two motor launches that had been searching for the body. The body has not been immediately identified as that of Marple's as the launches started back to Annapolis. Wreckage of the plane discovered earlier had been definitely identified as that of Marple's, however.

BRITAIN WILL DEPORT NAZI NEWSPAPERMAN

LONDON, Nov. 11.—(UP)—Great Britain has served notice of expulsion upon the leading Nazi journalist of London, H. W. Thost, of the Volkischer Beobachter, it was reported tonight. The newspaper, published in Munich, is the organ of the national socialist party and commonly known as "Hitler's paper." The reason given, it is understood, was that Thost's continued residence in Great Britain was considered against the public interest. Thost was given three days' notice Friday and is expected to leave tomorrow.

FAT GIRLS GET THE GO-BY—SLIM GIRLS WIN MEN

Low Fat The Easy Way—Without Starvation Diet, or Back-Breaking, Bending and Rolling Exercises.

There's a reason why so many people find dieting slow and often times futile in reducing. The reason, doctors say, is often because a tiny gland is not working right. All the blood in your body passes through this tiny gland sixteen times every day. If it doesn't pour into the blood stream about one and one-half times in the same way as a good "drift" acts in a furnace. Now, physicians combat this condition by feeding the gland the substance it lacks—and millions of pounds of excess fat has been wiped out this way.

Marmola Prescription Tablets are based on the same scientific method used by doctors. So why not lose fat the easy way—without starvation diet or back-breaking, bending and rolling exercises? Start the Marmola treatment today. You will have used successfully to get rid of excess fat. The formula is in every box so you know just what you are taking. Don't wait—get Marmola today from druggists.

Blue Star Kills The Itch Germ

Muscular Pain?

Sore, aching muscles are quickly eased from misery and pain by Penorub, the soothing liquid rub that "hits the pain spot" and drives it out. Penorub's analgesic action soothes nerve strain, too. Buy Penorub today from your druggist. 1 oz. bottle 35c; 3 oz. 60c; 8 oz. \$1.15.

PENORUB
The Penetrating Rub
That Rubs Out Pain

QUICK! STOP THAT COLD IN THE DRY OR FIRST STAGE!

A cold ordinarily goes through three stages: The Dry Stage, the first 24 hours; the Watery Secretion Stage, from 1 to 3 days; and the Mucous Secretion Stage.

A cold is twice as easily stopped in the first as in the second or third stages. In fact, to let a cold run beyond the first stage is inviting trouble.

As your doctor will tell you there is nothing better you can take for a cold than Grove's Laxative Bromo Quinine. It is expressly a cold tablet and not a "cure-all." It is internal treatment which a cold requires. It does four important things.

First, it opens the sinuses. Second, it checks the infection in the system. Third, it relieves the headache and fever. Fourth, it tones the system and helps forti-

President Pledges Peace in Armistice Day Address

The above photo shows President Roosevelt delivering the principal address on the Armistice Day program in the Lincoln Memorial. The President declared that the "United States will ever seek the ways of peace, but must and will protect herself."

WPA STRIKE THREAT ALL OVER N. GEORGIA

Continued From First Page.

mitting her to meet the demands made by the workers at the strike meeting last Tuesday night, Harry L. Hopkins, national administrator of the WPA, issued a general flat to all administrators enabling them to meet wage problems in a similar manner and removing threats of labor uprisings throughout the country.

Georgia labor leaders and congressmen in this section under the leadership of Congressman Robert Rameck, who added their protests to inequalities under which Georgia WPA labor worked, are credited with solving what threatened to become a national issue.

Some states in the north and east had obtained from Washington authority to meet the prevailing wages of private industry but this had been denied to Georgia.

Hopkins' Telegram.

In his telegram yesterday, Mr. Hopkins said:

"I hereby exempt from the schedule of monthly earnings workers on any projects or portions of projects who, in any state, up to a maximum of 10 per cent of the total number of workers employed upon all projects within such state."

"All workers exempted from the schedule of monthly earnings pursuant to this order shall be paid wages determined in accordance with local wage conditions by the State Works Progress Administrator."

Shepperson's explanation of Mr. Hopkins' order said:

"It exempts from the monthly earnings schedule as set up in the original regulations 10 per cent of the workers in the state instead of exempting 10 per cent on any one project. This means that it will be possible to pay skilled and technical workers at prevailing rates as long as they are working on skilled jobs in order that they may be paid on a non-relief basis. The unskilled workers will continue to be paid at security rates and any skilled workers not working at their own crafts may also work at these rates on unskilled jobs during the periods of non-employment at their trade."

"Hours to be worked by all workers on projects in the state are to be the same and have been set at 120 hours. Under this arrangement no time will be paid for except time actually worked. Every effort will be made to furnish employment for the relief rolls who are in need of jobs. Preference will be given to those on the relief rolls for employment on the non-relief status."

"When skilled work is not available for workers at their own craft they may work at the security rate on unskilled jobs in order that they may not be in need. This arrangement will give an opportunity for skilled workers to receive the prevailing rate from time to time as their crafts are required and will also carry out the security plan."

"It is believed that there are several gains inherent in these changes. It means similar number of hours to all, it pays only for time worked, it enables the projects to be prosecuted with greater efficiency as they will only carry skilled workers in the actual number needed and will work them consecutively. It gives priority to those on the relief rolls and insures continuous employment of some sort to those who are in need of employment and yet does not overburden projects with a group of people who may obtain work elsewhere."

**\$2,000,000 IN PROJECTS
GAIN APPROVAL OF U. S.**

WPA projects for Georgia totaling \$2,000,000 were announced as approved by the federal government at Washington yesterday, with the additional announcement that Miss Gay B. Shepperson, state administrator, would select for immediate working only those "most adaptable for

against further attack.

That's the fourfold treatment you want and in Bromo Quinine you get it in the form of a single tablet.

Bromo Quinine contains nothing harmful and is safe to take. For more than forty years it has been the largest selling cold tablet in the world, the formula always keeping pace with Modern Medicine.

When a cold threatens, do the sensible thing and go right to Bromo Quinine.

Take two of the tablets at four-hour intervals and you'll usually check the cold in 24 hours. That's the speed you want for comfort and for safety.

All drug stores sell Bromo Quinine and the few pennies' cost may save you dollars in doctor's bills.

Pickpocket Here Picks Pocket of Detective

The height of something or other was recorded here yesterday when a detective failed to detect a pickpocket who indulged in his "profession" at the expense of the sleuth.

J. W. Riley, a traveling representative of the Home Detective Company, of Greensboro, N. C., appeared to local police to help him find the man who rifled his pockets in the crowd at the Fox theater yesterday afternoon and took his wallet, containing \$15. Riley told the police that he was jostled by a man in the lobby of the theater and a moment later he felt for his wallet and it was gone. The Greensboro detective deduced that had been taken, but did not report any "clues."

The speedy prosecution of her state-wide program.

The list of approved projects includes:

Baldwin County—Repair Georgia Training school, \$3,650; community building, \$2,822; construct airports, \$7,528.

Ribb—Community service program, \$3,120; construct hospital building, \$2,177; repair auditorium, \$6,041; repair Hopewell sanitarium, \$2,329; improve streets and highways, \$77,064.

Burke—Midville, repair community house, \$908.

Columbia—Construct courthouse, \$5,288.

Crisp—Cordele, improve community center, \$6,214.

Richmond County—Augusta, community service programs, \$23,155.

Scriven—Hilltop, repair school building, \$5,100; Sylvania, construct fire plant, \$4,063.

Stewart—Lumpkin, lay water mains, \$808; Richmond, improve community center, \$14,066.

Americus College Repairs.

Sumter—Americus, repair Georgia Southwestern College, \$1,825; improve Barlow, Horne, Furlow and Hill streets, \$1,110.

Thomas County—Construct community centers in Thomasville, Meigs, Coudlee, Ochlocknee, Boston, Ella Belle, and Dillion, \$24,158.

Trenton—Spartanburg, repair sidewalks, streets, \$2,277.

Jenkins—Millen, lay water main, \$1,353; improve streets, \$3,660.

Emmanuel—Adrian, improve walks and streets, \$3,227.

Marion—Improve roads and streets, \$3,385.

Peach County—Fort Valley, construct filter system for sewage disposal plant, \$2,100.

Ware—Waycross, construct community center, \$15,038.

Richmond, Washington, Jefferson, Toombs, Jenkins and Lawrence counties, community service program, \$2,712.

Community Service Program.

Appling and Lowndes counties—Community service program, \$924.

Effingham—District No. 3, construct three bridges, \$2,869.

Ribb—Community service program, \$5,020.

Brooks—Quitman, municipal airport, \$21,640.

Wilkes—Statesboro, addition to South Georgia Teachers' College, \$3,918.

Chatham County—Tybee Island, construct jail and auditorium, \$6,328; Savannah, park improvements, \$10,320; fire station, \$9,496; repair seven fire stations, \$5,291.

Clarke—Athens, repair county hospital, \$1,420.

Effingham—Gaston, construct auditorium, \$9,070; construct sidewalks, \$4,930.

Glynn County—Community service program, \$2,376.

Jefferson County—Avera, park improvements, \$531; Wadley, demolish bridge and build new one, \$3,672; Louisville, park improvements, \$10,354; improve streets, \$2,986; Wrens, improve water system, \$1,890; Wrens park improvements, \$2,834.

Courthouse Repairs.

Jenkins—Millen, repair courthouse, \$578; park improvements, \$4,334; improve storm sewer, \$310.

Houston County—Centerville, repair school building, \$2,016.

Meriwether County—Greenville, construct prison, \$16,706; Greenville, community building, \$5,793; Greenville, improve courthouse square and depot street, \$4,648.

Muscogee—Columbus, addition to Bealwood school, \$7,806.

Peach—Fort Valley, community service program, \$2,604.

Richmond—Augusta, community service program, \$5,864.

Scriven—Sylvania, repair high school, \$510.

Spalding—Griffin, repair courthouse, \$4,268.

Waycross—Repair county hospital, \$6,747; improve water lines, \$7,837; improve streets, \$9,160; construct community centers, \$11,007.

Orders Go Out Today.

Official orders calling off the strike will go out today, Mr. Nance announced last night. The strike has been called to start when men demand today's work on projects in Fulton and DeKalb counties. Approximately 15,000 workers in these two counties would have been affected by the walk-out.

In Miss Shepperson's announcement that all types of workers will be put on a 120-hour month basis is the news that skilled workers, formerly scheduled for 90 hours a month, will find their work increased.

The rearrangement of expenditures in the Georgia WPA; it is said, will mean no increase in the total amount of the budget, but will mean increased production by satisfied workers.

"Men who are working for regular wages will work twice as hard," said one labor leader last night, "and, in

STRIKE IS RENEWED IN SINO-JAP DISPUTE

Continued From First Page.

was made up of Chinese. A spokesman for the International Settlement police said, however, the reports ascribing the window smashing to Chinese rioters were premature and declared the identity and nationality of the culprits was uncertain.

The Japanese naval officers secured an agreement from settlement police to launch a new investigation of the Saturday night riot here of a Japanese marine, Hideo Nakayama.

The Japanese took exception to the release by Shanghai police of testimony that the assassin was a Chinese. Japanese officials were clothed in similar to Nakayama. Japanese officials assert the marine was shot and killed by a Chinese and intimate the killing was a political motive. They denied rumors a Japanese or Korean was the assassin.

In Peiping, the Japanese military command agreed to halt the arrest of suspected "blue-shirts" there, municipal authorities announced following representations by the mayor of Peiping.

"Blue shirts" are a nationalistic Chinese organization, which the Japanese claim was sponsored fascist anti-Japanese terrorism.

The Japanese navy now in Shanghai reached more than 2,000 with the arrival of 500 more. Officers of the Japanese navy said, however, that they were not planning to depart for Japan Wednesday.

General T. Ishii, of Japan, called on General Wu Tei Chen, mayor of Shanghai, today and urged redoubled efforts in the hunt for the slayer of Nakayama.

A spokesman for the Japanese military attaché called the anti-Japanese demonstration "a violation of the Chinese government's assurances regarding suspension of anti-Japanese organizations."

He said the anti-Japanese pamphlets were signed by the "Anti-Japanese National Salvation Association" and that this body probably had close ties with the Kuomintang (dominant Chinese political party).

"We demanded on several occasions that such bodies be dissolved," he said, "and their continued existence and depredations clearly indicate the Kuomintang's intentions."

Japan's consul general said he would call the incident to the attention of the settlement police, commenting "we cannot afford to have the culprits escape all the time."

VETERAN U. S. OFFICER PASSES IN CAROLINA

AUGUSTA, Ga., Nov. 11.—(AP)—James Edward Anderson, 44, died today in a tourist camp near Charleston, was a veteran federal officer, having served in various capacities throughout South Carolina and for brief periods in Augusta.

Federal officials here recalled tonight that he was appointed a special deputy marshal in 1922 during a railroad strike here, and that he later was a prohibition officer for the government assigned to duty both at Charleston and Columbia.

BRIDGE TOURNAMENT IS LED BY 'FOUR ACES'

NEW YORK, Nov. 11.—(AP)—The Four Aces, defending champions in the Vanderbilt cup team-of-four contract bridge tournament, led Louis H. Watson's quartet 3,810 points tonight at the end of the first 18 hand period.

An additional 64 hands tomorrow will complete the finals match.

The long run, the WPA will benefit to a great extent.

"Security" Wage Rate.

The "security" wages under which the skilled workers will operate when their pay is not available in their present classifications, were put into effect October 15.

Under them, professional-technical workers receive \$75 a month, skilled workers \$68, intermediate workers \$49 and unskilled workers \$33 in the Atlanta area.

Outside Atlanta the "security workers" receive \$19 to \$27 a month and it is on this pay that Mr. Nance and the other labor leaders now want a 10 per cent increase.

"We expect to settle this problem to the satisfaction of the workers," said Mr. Nance. "We will bring statisticians from the Department of Labor at Washington into Atlanta and I am certain from the cold facts we will show them, it will be learned it is impossible for anyone to live on this meager scale. Miss Shepperson has agreed to work with us on this problem."

Miss Shepperson, after the peace conference with the labor leaders last night, refused to comment but said "the rearrangement of expenditures should come from Mr. Nance."

Yesterday, WPA offices in Atlanta completed the transfer of 52,000 persons in the state from FERA to WPA, ending the role for Georgia. All persons who have received, heretofore, outright gifts from the government at now from productive jobs.

The Federal Works Administration will hold their organization meeting at 7:30 o'clock tonight at the WPA strike. It was announced yesterday. The meeting is for organization merely and no action will be taken on any strike discussions, it was said.

ROOSEVELT APPEALS FOR WORKER HARMONY

Continued From First Page.

serious of all, international conflict in the sacredness of international agreement as on civilian peace.

Brilliant autumn flowers, nestling close against the massive white cupola of the nation's unnamed hero, rustled softly in an Indian summer breeze. Almost before the dawn had begun whisking the gray mists from the brow of the Virginia ridge where the unknown lies, humble Americans, with floral tributes in their arms, had begun their pilgrimage to the national shrine.

Then, as the hour of 11 approached at which the carnage of the World War ceased 17 years ago, the President slowly walked on the impressive esplanade before the tomb.

Salute From Fort Meyer.

In the distance, a 21-gun salute lifted over the ramparts of old Fort Meyer. The music of the band rolled on the triumphant notes of the "Star-Spangled Banner." Guards of marines, sailors and soldiers snapped to attention, with rifles fixed on the president's ordered pacing, 30 steps forward, 30 back.

Mrs. Roosevelt, Secretary Swanson and Acting Secretary of War Woodrow Wilson, the rest of the party, followed the president in the country's floral tribute of white chrysanthemums beneath a carved inscription.

"Here rest in honored glory an American soldier unknown but to God."

The President stepped back. A muffled drum rolled once, again, a third time. The clear, ringing notes of "Taps" lingered over the headstones of soldier and sailor dead on the Virginia hillside, swept across the wide Potomac and were caught up again in noble colonnades of the temple in which the nation has honored martyred Lincoln.

First Visit to "Bivouac."

Quietly the President entered the gleaming marble building, never before on Armistice Day had he come to that sanctuary in the "Bivouac of the Dead."

The clear, ringing music notes of "To the Colors" hushed flags moved down the aisles to rim the statue enclosure. An overture, a prayer, again the "Star-Spangled Banner," and the President, in a clear, ringing voice, flung a prayer and a benediction to the nation.

Out of the ranks of diplomats and statesmen, high dignitaries of government, brightly uniformed soldiers and former soldiers—some still bearing the scars of war—came forward to deliver a plea that the country may ever be free of foreign strife.

Out of the ranks of diplomats and statesmen, high dignitaries of government, brightly uniformed soldiers and former soldiers—some still bearing the scars of war—came forward to deliver a plea that the country may ever be free of foreign strife.

As Mr. Roosevelt's voice died away, the guns of Fort Meyer crashed again in salute.

Legion Head Speaks.

Ray Murphy, national commander of the American Legion, rose to echo a demand for peace, but not with the usual of a peace proposal.

For the Legion, he expressed the homage of the living veterans for their comrades who died in France and America who gave their lives to their country in other wars.

The simple rites ended. High officials of the Legion, the Legion Auxiliary and other patriotic organizations, sang the national anthem, and the Legion's impressive marble sarcophagus with tributes of autumn flowers.

An one by one, or in groups, steepled fathers and sturdy-eyed mothers, the Legion's children, the young men and women passing through our colleges into productive life have, unlike us, no direct knowledge of the meaning of war. They are immune to the glamor of war, to the opportunities to escape from the drabness and worry of hard times at home in the arms factory and the battlefield. Fortunately, there is evidence on every hand that the youth of America, as a whole, is not trapped by the delusion of the glamor of war.

The memory of our hopes of 1917 and 1918 dies with the death of those who took part; it is, therefore, our sacred obligation to keep, by conscious effort, to pass that memory to the succeeding generations. A new generation, even in its cradle or still unborn, is coming to the fore. The children in our schools, the young men and women passing through our colleges into productive life have, unlike us, no direct knowledge of the meaning of war. Honor War Dead.

By The Associated Press.

The world passed Monday to pay homage to the dead of its last great war, even as martial spirit flamed anew among its people.

Everywhere, the vast tide of activity in the affairs of nations halted at the hour of 11-17 years after the declaration of armistice in the World War.

In the brief minute or two of silence at 11 a. m. the state and the people of once-warring nations bowed at the shrine of the dead soldier—the Cenotaph, the Arc de Triomphe, the national tombs of the Unknown Soldiers, Arlington and the countless rows of white crosses marking the legion of the war dead.

In Rome, the occasion of King Victor Emmanuel's 60th birthday was overshadowed by the solemnity of the day. Fascist troops in a far-off Ethiopia pressed ahead in their colonial wars, and the world that Italy's armies were ready to defend her "interests in Europe, Africa or anywhere."

President Roosevelt, before the tomb of the United States' Unknown Soldier, pledged the nation "will ever seek the ways of peace" but "must and will protect herself."

Air Maneuvers.

In the Pacific, America's navy was engaged in far-flung aerial peacetime maneuvers.

Great Britain's fleet, massed grimly in the Mediterranean, formed a guard of honor for ceremonies honoring the Egyptian war dead at Alexandria. Italy's consul took part in the ceremony.

"Taps" sounding from a bugler's lips filled New Times Square in New York City. For two minutes an eerie silence gripped the ever-raging caverns of the city's subway system as power was shut off to stop all trains during the observance period.

In Paris, the stern "death's head" legions of the nationalistic Croix de Feu paraded the boulevards of France, the Legion of the Unknown Soldier at the Arc de Triomphe. Then broke ranks to stage a street battle with leftist veterans.

Le Bruns Leads French.

President Albert Le Bruns officially reviewed France's armed forces at the Arc de Triomphe.

Unseen, a stranger's hand left upon the tomb of France's unknown dead a white wreath.

From Germany's Unknown Soldier.

Ireland followed up its ceremonies with a display against the British, as a group of young men carried in flames through the streets of Dublin. The two-minute silence was broken with shouts of "Up, Irish republic!"

In Ottawa, Armistice Day ceremonies for Canada's war dead marked the first public appearance of Baron Tweedsmuir, Canada's new governor general.

In practically every city and town of the United States patriotic organizations and state and local officials participated in the 17th anniversary of the Armistice.

And for the first time since November 11, 1918, all the financial markets in the United States suspended trading for the entire day.

Quake Shakes Athens.

ATHENS, Nov. 11.—(UP)—A severe earthquake was felt today, centering on the Thessalonian region of Epirus on the Aegean coast. Several houses were reported destroyed and inhabitants were panic-stricken.

Text of Armistice Day Address By the President at Arlington

WASHINGTON, Nov. 11.—(AP)

The full text of President Roosevelt's Armistice Day speech follows:

The living memory of the World War is close to each of us today. Our thoughts return to great objectives of others, as well as to the minds of older men go back to their boyhood's ideals.

We Americans were so placed that we gained a perspective of the great world conflict that was perhaps clearer than that of our fellow men who were closer to the scene of battle. For most of the first three years of the war we were not participants; but during the final phase we ourselves engaged on many fronts.

For that reason perhaps we understand, as well as any, the crisis that went up—that the world conflict should be made a war to end wars. We were not invaded nor were we threatened with invasion then or later; but the very distance of our view led us to perceive the dire results of war through days of following peace.

UNITED STATES POLICY
IS TO AVOID WAR.

The primary purpose of this nation is to avoid being drawn into war. It seeks also in every practicable way to promote peace and to discourage war. Except those few who have placed or who place temporary, selfish gain ahead of national or world peace, the overwhelming mass of American citizens are in hearty accord with these basic policies of our government, as they are also entirely sympathetic with the efforts of other nations to end war.

Why we, too, have striven with great consistency to approve steps to remove the causes of war and to disapprove steps taken by others to commit acts of aggression. We have either led or performed our full part in every important attempt to limit and to reduce armaments. We have sought by definite act and solemn commitment to establish the United States as a good neighbor among nations. We are acting to simplify definitions and facts of the word "war" when armed invasion and a resulting killing of human beings take place.

But though our course is consistent, it is with disappointment and sorrow that we confess that the world's gain thus far has been small.

DANGERS TO MANKIND
ARE TERMED GREAT.

I would not be frank with you if I told you that the dangers that confront the future of mankind as a whole are greater to the world and therefore to us than the dangers which confront the people of the United States by and in themselves alone.

Jealousies between nations continue; armaments increase; national ambitions that disturb the peace are thrust forward. Most serious of all, international confidence in the sacredness of international agreement is being destroyed.

The memory of our hopes of 1917 and 1918 dies with the death of those who took part; it is, therefore, our sacred obligation to keep, by conscious effort, to pass that memory to the succeeding generations. A new generation, even in its cradle or still unborn, is coming to the fore. The children in our schools, the young men and women passing through our colleges into productive life have, unlike us, no direct knowledge

FARM MARKET ROADS

SOUGHT IN BALDWIN
MILLEDGEVILLE, Ga., Nov. 11.—Baldwin county commissioners have asked for 45 miles of farm-to-market roads and 35 new bridges in the county road system from the federal government.

Three new bridges for the county already have been approved and work will be started at an early date. The commissioners elected officers for the new year and also re-elected L. R. Langley as farm agent at a special meeting.

ANTARCTIC CONDITIONS

RECOUNTED BY BYRD
Admiral Tells of Interesting Finds Made by Men of Expedition.

Admiral Richard E. Byrd recounted many strange and remarkable facts concerning the geography and weather at "the bottom of the earth." The results of his expedition to Antarctica are being made known to the public in a series of lectures at the University of Chicago. Some of the most interesting facts he cited were:

There is not a blade of grass within 2,500 miles of the south pole. The expedition, sailing into 20,000 square miles of unknown sea, found 400,000,000 seals. The expedition found evidence for the fact that the extreme southern part of the earth is in an "ice age," like the one which spread over the northern part as far south as New York city, thousands of years ago.

About 300 miles south of Little America Byrd found icebergs which extended to the bottom of the sea. The expedition sailed into 40,000 square miles of unknown sea. They counted 8,000 bergs within 24 hours. At the very southernmost part, mountains were seen that were 5,000 feet high.

When the explorers came to Little America they found six houses and a plane which were used in a former expedition. Heating the motor of the plane by gasoline stoves, the expedition drove it through the snow.

Meat was found in a table in one of the houses which was edible, though it had been left there four years before. Eight new houses were constructed. Biologists found thousands of microscopic organisms in melted snow.

Byrd lived for seven months at Advance Base, where he made 10,000 observations, in a hut 9x30 feet in size. He lived there poisoned for several weeks.

In recounting his expedition Byrd used 9,000 feet of motion picture film. He was introduced by Mayor Key, who said that the admiral was "a living example of that pioneering spirit in man which has advanced civilization more than all wars known in history." The Business and Professional Women's Club of Atlanta sponsored his lecture.

VILLA RICA BAPTISTS

TO ERECT NEW CHURCH

VILLA RICA, Ga., Nov. 11.—Plans have been completed for the new Baptist church for Villa Rica. The building, which will be of brick, will be modern in every respect, and will cost \$10,000.

It will be a "U" shaped structure. The auditorium of the building will be only one story while the rear of the building will be two stories and will house the 11 Sunday school rooms and pastor's study.

The church will be erected on Walker street, on the same site of the present church. The old building, which has been in use for more than 50 years, will be torn away. This work is expected to begin next Monday.

Members of the building committee for the church are E. T. Doyal, chairman; T. P. M. Miller, secretary. According to Mr. Doyal, a part of the material for the building has already been purchased.

COLUMBUS ELKS PLAN

TO ENTERTAIN SHOLTZ

COLUMBUS, Ga., Nov. 11.—(AP)—The local Elks lodge is planning a special entertainment for Governor Sholtz, when he visits this city Wednesday for the meeting of Georgia's democratic women.

The Florida executive has been active in national Elks' affairs for a number of years.

ABIT NIX APPEALS

FOR RED CROSS FUNDS

CANTON, Ga., Nov. 11.—Abit Nix, of Athens, state chairman of the Red Cross campaign, spoke here today to a crowd of about 500 in the high school auditorium in which he made a forceful appeal for funds to carry on the work of the American Red Cross.

WHAT TO DO FOR

ITCHY INFLAMED SKIN

Kill the cause of itching with this cooling, sooth-ing ointment. Tetterine gives instant relief from Ringworm, Athlete's Foot, Eczema, Tetter, Itch and similar skin diseases.

Tetterine penetrates deeply. Destroys the parasites that cause itching. Heals and healthy skin growth follow only a few days' use. Famous over 50 years. Get Tetterine from any drug store today and try it. Satisfaction or your money back.

Tetterine!

No More Piles

Doctor's Prescription Guaranteed

Thousands of Pile sufferers do not know that the cause of Piles is internal blood circulation. Driven out congested blood—the real reason why suffers and suppositories do not give lasting relief, why cutting does not remove the cause.

Your itching, bleeding or protruding Piles will only go when you actually remove the cause. External treatments can't do this—an internal medicine should be used. HEM-ROID, the prescription of Dr. J. S. Leachard, sold by good druggists everywhere, succeeds because it stimulates the circulation, drives out congested blood, heals at restores the affected parts.

So why waste time on external remedies or worry about an operation when Jacobs drug stores sell Tetterine and HEM-ROID with guarantee of money back if not perfectly satisfied with the help one bottle gives.—(adv.)

Glennville Bank Deposits Show 70 Per Cent Gain in 18 Months

Better Conditions of Tattall County Farmers Are Reflected in Payment of Taxes, and a 50 Per Cent Decrease in Unemployment.

By LAMONT SMITH.
GLENNVILLE, Ga., Nov. 11.—(AP)—Increases in bank deposits and in collections of delinquent taxes and a 50 per cent decrease in unemployment in the district, is shown by a survey of business conditions in Tattall county.

That conditions in the farming sections are better is substantiated by the bankers, merchants, relief managers, tax collectors and others materially affected by the agricultural industry.

Cotton is the major crop in this county. Figures supplied by County Agent Harry Petty, show the value of the Tattall county cotton crop for 1935 was \$313,074. The county produced 4,100 bales on 9,354 acres with 3,786 acres being rented to other farmers. Farmers received \$41,449 in rental and benefit payments. There is little change in the valuation of the crop this year due to lower average price and an increase in the cotton made, Petty said.

Tattall farmers planted 2,920 acres of tobacco and received \$539,380.42 for the crop including rental payments. The county produced 2,500,361 pounds at an average of 22 cents. Both poundage and price was greater than last year.

This is one of the largest naval stores counties in the state and an increase in price for those products has aided the timbering men considerably. There are approximately 30 naval stores operators in the county.

CHRISTIAN CHURCHES

TO MEET AT ATHENS

88th Annual Convention of Georgia Body Will Convene Today.

ATHENS, Ga., Nov. 11.—(AP)—Rev. Edward T. Small, of Macon, president of the Georgia Christian churches, is to preside and be the principal speaker at the 88th annual state convention of that body opening here tomorrow.

The convention will close Thursday. Rev. Small's address is scheduled for tomorrow evening.

There are 40 Christian churches in northeast Georgia. Representatives of these are planning to come and go during the convention.

It is estimated that 250 representatives from over the state will be in regular attendance.

Preliminary arrangements for the meeting were made by Dr. S. R. Grubb, pastor of the local church. Bruce Ray, of Atlanta, is secretary of the body, and George Oliver Taylor is director of music.

Members of the convention committees this year are: Charles B. Holder, Griffin, chairman; J. D. McKee, Valdosta, and C. O. McAfee, Macon.

Auditor: John W. Wright, Monroe; G. E. Stephenson, Athens, and Dr. J. H. Hodges, Hapeville.

Future work: Glenn Carter, chairman, College Park; Hoke S. Dickson, Tallapoosa; Victor P. Bowers, Pennington; Wilbur Wallace Wright, Wilkes; Herbert Cunningham, Columbus; Clifford Foster, Winder, and John H. Wood, Rome.

Resolutions: Harry J. Berry, chairman, Fitzgerald; Mrs. H. B. Sacer, Atlanta, and Mrs. Charles Mathis, Macon.

Time and Place: J. F. Matthews, Bainbridge, and E. L. Sharpe, Dublin. Memorials: W. B. McDonald, chairman, Winder; Richard H. Gear, Bogart; Ernest Miller, East Point.

Education: A. D. Strohbar, chairman, Savannah; E. B. Quick, Atlanta, and Mrs. L. O. Turner, Athens.

Miss Ruth Elliott, of Athens, has charge of registration.

NEUTRALITY IS THEME

THROUGHOUT GEORGIA

Armistice Day Speakers Warn Against Sharing European Unrest.

By The Associated Press.
Solemnly with wartime memories and prayers for peace, Georgia observed yesterday the 17th anniversary of the Armistice.

At patriotic meetings throughout the state bands played, flags fluttered and guns fired a grim salute to Georgia heroes of foreign battlefields.

Speakers to Armistice Day audiences praised the nation's new neutrality law and warned against sharing European unrest.

At Waycross, where the celebration opened a five-day festival of pine forestry, a life-size doughboy monument was unveiled in Legion park and Harry D. Reed, former mayor and former superior court judge, of Waycross, pleaded for adherence to neutrality.

At Rome, Senator Richard B. Russell Jr. said public opinion should determine that this nation "shall never again be hurled into that vortex of hell known as war." He praised the neutrality law, saying it was designed to prevent the nation being drawn into war by "propaganda of those who have an interest at stake."

"Those who were killed died in a war to end war," he said. "We should pledge ourselves to their widows and children and to those who were maimed on the wheel of sacrifice that they are a just charge of the United States."

Major General George Van Horn Moseley, commander of the fourth corps area, spoke at the Atlanta-Armistice celebration in Grant field, voicing a warning against unpreparedness.

"The world is safe for democracy only so long as democracy is able to defend itself, and war, economic and political, is still with us," he warned.

Scott Ogden, of Decatur, was the principal speaker at exercises held at Woodbury last night.

In Marietta, Abit Nix, of Athens, stressed loyalty to the United States government and paid tribute to World War soldiers who died for their country. He warned against "two many isms" which he said have "crept into the life of our people."

The primary purpose of our schools should be to instill loyalty and teach the history of the nation," he said.

"The American people and the people of Georgia should keep out of office men who are not loyal to the constitution," he said.

Thomasville's Armistice celebration opened with a dawn breakfast in the American Legion home. A number of Valdosta and Thomasville High school football teams played during the afternoon.

At Adel and all over Cook county, flag-raising exercises were held in schools during the morning. Legion-

Crosses Political Goal

Truck farming brought approximately \$20,000 to farmers this year. This is a new adventure for the farmers of this section. Money from the sale of livestock is above that of any previous year.

C. W. Kiehl, vice president of the Glennville Bank, said his bank has shown a 70 per cent increase in deposits over 18 months ago. The increase, he said, is due almost entirely to better conditions of the farmers. Besides the increase in deposits, the banker said, people are building and repairing homes.

Figures obtained from A. V. Smith, tax collector for the county, show a decided increase in payment of taxes. There was \$40,778 levied in taxes delinquent October 1, 1934, and on the same date this year the amount had been reduced to \$27,743. "I have collected approximately \$37,000 in the last 30 days, \$5,000 of which would apply on the 1935 levy," Mr. Smith said. "This condition is due entirely to increased prices for crops, naval stores and livestock." Farmers are the best payers this year, he said, with the exception of the amount paid by business and professional men remaining about the same as usual.

S. E. Aldridge, district manager of the Glennville Bank, said his bank here, said there has been a 50 per cent decrease in unemployment in the past 12 months in his district. He attributed the decrease to better conditions of farming and the building of the state prison in this county.

SLASH PINE FESTIVAL

OPENS AT WAYCROSS

Doughboy Monument Unveiled at Armistice Day Exercises.

By ED BRIDGES.
Associated Press Staff Writer.

WAYCROSS, Ga., Nov. 11.—(AP)—The first annual Slash Pine Forest Festival—staged by Waycross in the hope of further development of the pine paper industry in this section—opened today with colorful exercises in celebration of Armistice Day.

A parade four miles long, the dedication of a life-size, bronze monument of a doughboy, and a patriotic address by Harry D. Reed, general counsel for the Federal Land Bank, Columbia, S. C., and a former judge here and former superior court judge here, included "key" products, protests probably would arise from American industry.

The parade signified formal opening of the five-day festival, and of a great exhibition hall in which there are displays depicting the progress of the forestry industry.

Judge Reed, speaking on the Armistice Day theme, praised the recently enacted neutrality law and urged American citizens to support it. He said if the ban on shipments of arms, munitions and implements of war to belligerent nations was extended to include "key" products, protests probably would arise from American industry.

Following the exercises at the monument, thousands thronged a great warehouse for an inspection of the elaborate forestry exhibits.

A hand concert, and a football game tonight brought the first day's program to a close.

Large Crowd Present.
The festival, planned by civic leaders here in an effort to speed further developments of the pine paper industry in the south, drew great crowds from throughout this area of south Georgia and northern Florida.

Forestry proper will come in for greater attention during the remaining days of the festival.

E. L. Demmon, of New Orleans, representing the Southern Forest Experiment Station, and Harry Lee Baker, state forester of Florida, are to speak tomorrow.

Wednesday will be Herby Day, in honor of Dr. Charles Herby, Savannah scientist whose experiments in making newspaper and other paper from pine have attracted wide attention.

Dr. Herby will be chief speaker Wednesday. Other speakers on that day will include W. W. Henderson, representative of the \$4,000,000 Union Bag & Paper Corporation plant now under construction in Savannah; Dr. E. H. Minchew, president-elect of the Georgia Medical Association, and Mrs. J. L. Walker, of Waycross, forestry advocate.

Congressman Braswell Deen, of Alma, will be honor guest Thursday, when he has been designated as Dean Day, in recognition of his work in behalf of forestry development.

Caroline Miller, Waycross novelist, will be honored at Friday's program, sponsored by the Waycross Woman's Club.

Women To Renew Fight for Right To Serve on Jury, Says Atlantan

Convention of Georgia Affiliated Democratic Clubs Opening at Columbus Today To Consider Question, States Mrs. R. L. Turman.

COLUMBUS, Ga., Nov. 11.—(AP)—A fight for the right of Georgia women to serve on juries will be renewed at the convention of the Georgia Affiliated Democratic Women's Clubs, opening here tomorrow night.

"It is our right, and we are going to make a fight for it," said Mrs. R. L. Turman, of Atlanta, chairman of the organization's committee on legislation.

"If we are going to maintain our system of trial by jury, where every person coming before the law is accorded the right of a trial 'by his peers,' in all justice and fairness, women should be allowed to serve on juries," she said.

"Women are better judges of women than men, and women are interested directly in many cases. There could be some provision made for excusing women with small children from jury duty, just as some men are excused from jury service because of business or other reasons."

"And as for the husband in the family who is the sole financial support and his wife on the jury, that could be worked out."

"The women could use the money they get for jury duty to employ someone to fix the husband's supper. Anyhow, every woman needs a rest from this routine, and jury service would be a real vacation to many a woman."

"Sometimes objection is voiced to women jurors on the ground that the testimony might be embarrassing. 'Women sometimes hear such things in the courtroom, as spectators, or read about them. Furthermore, the modern woman must bring up her children in a way so as to teach them the facts of life.'"

Mrs. Turman's committee also will ask for ratification of the child labor amendment to the federal constitution, a secret ballot, a modern system of taxation, adequate support of public education, old-age pensions, sterilization of the unfit, raising the age of consent, and bills for protection of children.

Mrs. J. A. Rollison, of Waycross, is president of the organization. She came from Waycross to Columbus today for preliminary conferences concerning the convention. Registration begins late tomorrow, followed by the annual business session at 8 p. m. central standard time Tuesday. The convention will continue through Thursday.

Governor Dave Sholtz, of Florida; Governor Talmadge, of Georgia; E. Cox, W. E. Page, United States collector of internal revenue, and Senators Walter George and Richard B. Russell Jr. are among notables invited to the convention.

Governor Sholtz is to speak at a state dinner Wednesday evening. He will be introduced by Mrs. J. E. Hays, of Montezuma. Mr. Page will be present.

SALES OF LAFAYETTE CLIMB AS BUYERS COMPARE IT WITH OTHER LOW-PRICED CARS

Sales double and triple in cities and towns across America as X-Ray System lets buyers see with their own eyes that LaFayette is the ONLY car in the lowest-price field with ALL of the VITAL engineering features of the highest-priced cars!

When you have one of those violent, nerve-racking headaches, from inorganic causes, "B. C." will give you soothing relief in three minutes. "B. C." should also be used for the relief of muscular aches and pains, common colds and neuralgia, reducing fever, and for quieting a distressed nervous system without opiates, narcotics or such habit-forming drugs.—(adv.)

OUT TO WIN AMERICA ON VALUE ALONE!

EVERY TWO OF THESE PILE-DRIVERS, from Chicago Bear's backfield, would fill the front seat of any other low-priced car!

MORE HEADROOM THAN IN CARS COSTING OVER \$2,000 This picture shows you how MUCH more headroom you get in LaFayette! It's safer!

Announced just a few short months before this story went to press, the remarkable new 1936 LaFayette is already a sensational success! And there's just one big reason for it.

Without regard to present profits, Nash is out to win a large share of the low-priced car business on value alone. And to do this quickly, we made LaFayette the first car... the ONLY car... in the lowest-price field with all of the vital engineering features of the highest-priced cars!

We didn't ask buyers to accept our claims that this was true. Instead, we developed the X-Ray System... so that you could SEE with your own eyes the surprising, hidden differences INSIDE all cars. So that you could see that LaFayette has the vital, long-life engineering features that manufacturers leave out of their LOW-priced cars, but always include in their HIGH-priced cars!

Perhaps you don't expect all of these vital features in a low-priced car? Perhaps you don't expect a car as big, as roomy, as safe as this new 1936 LaFayette? But perhaps you've been expecting TOO LITTLE all along! You car buyers are the real winners in this fight Nash is waging for dominance in the lowest-price field. So see the 1936 LaFayette—and the X-Ray System—at any Nash-LaFayette showroom before you put the same amount of money into any other car! The Nash Motors Company, Kenosha, Wisconsin.

OVERSIZED HYDRAULIC BRAKES BIG ENOUGH TO STOP A TRUCK! Best-selling 1 1/4 ton trucks.

WORLD'S FIRST COMPLETE SEAMLESS ONE-PIECE STEEL BODY LaFayette has a seamless all-steel top, steel floor and steel body with girder-steel frame!

THE NEW 1936 LAFAYETTE \$595

1936 Nash "400." Standard and DeLuxe models, \$665 and up, f. o. b. factory. Big, luxurious 1936 Nash Ambassador models in two series \$835 and up, f. o. b. factory.

TOO MANY BEAUS

By ALMA SIOUX SCARBERRY

WHAT HAS GONE BEFORE:

Sugar Fiddle is the name given to a founding at the Lorian orphanage in Virginia by Sophia Fiddle, the superintendent. When Sugar is 17, "Mother" Fiddle places her as nursemaid for Mrs. Dick Masters' 2-year-old boy, Skeeter. She promises to wait for Johnny De Ville, an orphan just her age, until he becomes a great artist. Her room in the big Le Masters house is in the cellar and her wages are \$1 a week. She is found there by Dick's brother, Carter, when he returned from college where he is football captain, and he and Dick move her to the nursery, causing a family squabble. On Sugar's first day off Mrs. Le Masters' 17-year-old sister, Zanle Lou Langworthy, outfit her in silk dress and white pumps. Sugar's high heels and her feet and ankles accept a lift from Scoop O'Reilly, New York newspaperman. She rebuffs his attempts at love-making but they become friends when she tells him about herself. Carter kisses her but apologizes when she weeps. Zanle, wishing to meet Scoop, arranges a dinner and dancing foursome which includes Skipper Lanier, Johnny, who has found a job in a theater, is angry when Sugar says she has a date for her night off. Zanle is jealous of Skipper's attentions to Sugar at an inn and proposes dropping in on Sid Patchen. He forces himself on Sugar and is kissing her when Cart appears. Sugar is shocked and runs away. She meets Skipper Lanier after a scene with Nancy, Cart drives Sugar home. He tries to explain the social distinction between him and her. She rebuffs his advances. She sees Scoop's car after mailing a letter to Johnny. SOW GO ON WITH THE STORY.

INSTALLMENT XVIII.

"Naturally, you're not the sort of girl Miss Fiddle would try to train to keep her place. Why should she? You don't look like a servant and you don't talk like one. It isn't fair to class you with one, really. But that's supposed to be the thing to do in a town like Lorian. Especially in the south where people have always been used to colored servants." Cart's face was grimly earnest. "You—you'll make it a lot easier for yourself if you refuse to go out with Zanle Lou or any of the town kids when they invite you. You are certainly superior to most of them, but their parents don't think so. It's going to be hard for you not to have friends. But Jane Lee is just going to throw you out if you do. So the only thing I can see for you to do until you are older and can earn more money is to be meek and keep your place and wait until you have a chance to get away where you aren't known." "I see," Sugar choked miserably. "I hadn't any idea before that I was different from anyone else. Mother Fiddle always made us feel wanted and I thought the world would be a beautiful place. I found out differently in a hurry." Cart winced at the bitter and little smile which touched her young mouth. "Please," he reached out and took her hand, "don't think I feel that way. It doesn't make any difference to me who you are or where you came from. I'm just trying to make you see how some people feel."

"You and Zanle Lou have been so good," she warmed at the kindness in his voice. "And Mr. O'Reilly. He's like a brother to me."

Cart released her hand.

"That's another thing I've wondered about," he said, "just in case you're not sure. There's almost sure to be a girl if you are seen with him. The girls will be jealous because he pays you so much attention, and they're going to wonder why he should be interested in you to the exclusion of all the rest. I don't think you ought to be seen with him too much."

Sugar sank farther back in her seat.

"But—but he's so good to me. I can't hurt his feelings."

"Don't take a man like that too seriously," Jim Carter took on a brotherly air. "He's a hard-boiled New Yorker and you don't know what his game is. Has he ever tried to get you to leave Lorian?"

"No, no!" Sugar denied hurriedly.

"He's just staying at the hotel writing a book. Please don't think Scoop would do anything wrong. He's such a wonderful man."

"All the same, if he starts any sweet talk remember what I told you. You're a beautiful girl and you can be too careful. Half the men you meet will make love to you—married ones and single ones. If you're smart, you'll give them all the air until you're older."

Sugar remembered her several experiences and listened thoughtfully. Scoop had forced his kisses on her the first night she met him. So had Cart. Even Skipper had offered to give up Zanle Lou. Five minutes after she met Sid Patchen he was trying to manhandle her.

"I'll be careful," she promised seriously. "Evidently men don't feel the same way women do about girls like me."

"Well," Cart shrugged. "I guess they're not as snobbish at that. But they're not as snobbish as you are, most of them. If a girl hasn't any family to protect her, men seem to buzz around her in swarms, if she's pretty. That's the reason a girl who hasn't any family to fight for has to be so careful. If she makes a slip, she hasn't got a chance. If she even does little indiscreet things that are entirely harmless, someone is going to accuse her of being bad."

"I suppose you're right," Sugar sighed wearily. "Look at what Nancy Sue Jennings said about her. Just because she happened to come in when I was trying to push Mr. Patchen away. I suppose she thinks I was to blame."

"Maybe she does. But I don't. So don't let it worry you. If you wait and be a nice little girl, maybe something nice will happen. You know?"

"I can get along very nicely with out parties and things," Sugar smiled up at him wryly. "I've never had them. And on my afternoon and evening off I can go up and see Mother Fiddle and the children. As long as I have Skeeter I won't get lonesome, really."

"You love him, don't you?" "I love him to pieces. He's getting so nice and round and rosy. You can't imagine how he's changed."

"Yes, I can," Cart grinned. "I played nursemaid to him one afternoon while you were off. I sent Liney away and we went fishing down by the river. Skeeter had a swell time and so did I. He asked for you every two minutes."

"Oh, I'm glad you took him. I know he had the time of his life."

"You better get some sleep," Cart jumped out to open the car door for her. "Don't worry. I'll find Dick first thing in the morning and see if I can ward off the fireworks."

Sugar's heart was heavy when she let herself into the kitchen. She knew she wouldn't be able to sleep until she had written Johnny and told him she was sorry they had quarreled. How much better it would have been if she had gone out with him.

About that time Zanle Lou and Scoop were looking all over Patch's house for Sugar. When Patch told them Jim Carter had taken her home, Scoop realized the trouble he must have gotten her into. Back at the hotel it was daylight before he could go to sleep. He'd never forgive himself for taking a few highballs and getting into a crap game when he had Sugar to look out for.

Sugar wrote a long letter to Johnny. It was after three o'clock before she closed her eyes in a troubled nap. Her dreams were a jumble of faces. Mrs. Le Masters, Skipper and Patch's drunken love-making.

She awakened, more tired than when she had gone to bed. Even Skeeter's kisses and his little brown arms around her neck could not dispel her gloom.

In the afternoon she took the baby for a walk to the postoffice to mail Johnny's letter when they came out

there was a dejected Scoop waiting in his car at the curb.

Sugar remembered Cart's warning and knew it wouldn't be best to get into the car. Especially with Skeeter. Mrs. Le Masters might not like her son to ride with strangers.

From her smile Scoop knew she was not angry with him.

"I'm afraid we can't go riding," she refused wisely. "Let's go sit in the park in the sun."

Scoop bent over Skeeter, with a friendly grin.

"Hello, young man. How are you today?"

"I fine," the baby grinned back at him trustingly. "What's your name?"

"Call me Scoop."

"Scoop," Skeeter said proudly. "Me can say Scoop. Skeeter want to go whoopee."

"He means he wants to swing," Sugar explained. "Take his other halter."

Skeeter lifted his feet from the ground, swinging from their hands.

"Whoopee," he yelled joyfully, and kept it up until they reached the park.

There he found himself in chasing butterflies and Scoop and Sugar sat down. Scoop began penitently, "I didn't think you'd ever forgive me for running away and leaving you last night. I didn't realize how long we were gone."

"You weren't to blame at all," Sugar reassured him. "But I guess we shouldn't have gone."

"This isn't New York. I can see that. When I heard of the mess I'd gotten you into I could have kicked myself around the block. I've ridden past your place about 50 times today hoping to see you."

"You mustn't blame yourself. If you don't I'll just feel worse. Everything's all right now. Maybe Mrs. Le Masters won't ever find out."

"I hope not," Scoop looked crestfallen. "But if anything happens that you lose your job, you must let me take care of you. How would you like to go to New York?"

Sugar felt a little shuddering sensation when she remembered Jim Carter's warning. Could it be possible that he was right? Cart called it sweet talk. She said uncertainly, "Oh, no, I couldn't do that. I must stay here. Mother Fiddle wouldn't want me to go away when I'm so young."

"Maybe not," Scoop picked a dandelion from beside the bench and absent-mindedly put it into his lapel. "But at least you'd be treated like a human being in New York. Nobody asks who you are or where you came from there. You'd be taken for your face value. A girl with your looks can always find something to do. I could show you the ropes and be your guardian angel."

Sugar studied his face, broad, and bronzed and kindly. The large nose with the freckles on it, the humorous thick lips that were almost always parted in a grin, showing his even white teeth. There was nothing but good in that face as she could see. It wasn't fair to doubt his sincerity, just because Jim Carter had warned her that Scoop might try to get her to go away.

The DEBUNKER

By John Harvey Farley, Ph.D.

11-12

EDUCATING A PERSON WILL NOT INCREASE THE BRAIN-POWER OF HIS CHILDREN

A blacksmith does not pass on to his son the strength he has acquired by a lifetime of using certain muscles. He passes on to his son only as good a set of muscles as he himself was born with. The same is true of intelligence. The great German scientist, Weissman, has proved that nothing we gain in life is inherited by our children, and that we pass on to them the same things our parents passed on to us. Only the germ plasma is passed down from generation to generation, and it remains unchanged, as is pointed out by Dr. Vernon in his famous book, "The Fruit of the Family Tree." UNCLE RAY'S CORNER

THE BUILDER OF THE CANAL

II—On With the Great Work! After getting back to France, De Lesseps formed a company, but he did not find it easy to raise money for digging the canal. French bankers were very "cold" toward the plan, and German and British bankers were even colder.

The victory of Egypt held high power, but he was subject to the sultan of Turkey. There were moments when it seemed that the sultan might halt the work, but the troubles were smoothed over.

The ditch was dug to a depth of 25 feet, and was made 71 feet wide at its bottom. Green machines were used for some sections, and they made good progress.

Some idea of the work which was done may be gained from this: In one section, 25,000,000 cubic yards of sand and mud had to be taken out. For the jetties near Port Said, more than a quarter of a million cubic yards of concrete blocks were supplied.

In 1869 the Suez canal was opened, and De Lesseps saw his dream come true.

Today the canal is of world-wide importance. The British government bought Egypt's share of the stock, and owns almost—but not quite—half of the canal. Frenchmen are in control of the company, however.

Later in his life, De Lesseps failed in an attempt to dig a canal at Panama; but his work on the Suez canal has made him stand out in history. He died in France in 1894, at the age of 74.

MUSSOLINI PROTESTS SANCTIONS PROGRAM

Continued From First Page.

its adherence to sanctions. Egypt is not a member of the League.

Informed circles regarded the protest as a continuation of Italy's policy of accepting sanctions "with sacrifices and discipline," but at the same time contesting their legality.

ITALIAN AMBASSADOR TALKS WITH Laval

PARIS, Nov. 11.—(P)—Italy's ambassador gave Premier Pierre Laval, of France, the program for "defense against sanctions" today while private sources reported an unanswered fascist proposal to Great Britain for a Mediterranean naval pact.

Vittorio Cerruti, the ambassador, chose Armistice Day to explain, in an hour's audience with Laval, the measures his nation intends to take against members of the League of Nations who apply sanctions beginning November 18.

These measures, diplomatic sources said, amount to "practical denunciation of Italy's commercial treaties with such nations."

The Mediterranean proposal was reported by the political observer Perlinax to enhance mutual assistance agreements by all countries with interests on that sea.

He said, however, there seemed little chance it would succeed until after the Italy-Egyptian war is settled. It was understood it might be considered at the London naval conference next month.

It would raise the question of balance of power in the Mediterranean.

WAR CLOUDS GATHER OVER PERU, ECUADOR

GUAYAQUIL, Ecuador, Nov. 11.—(P)—Newspapers, under huge headlines, said today the Peruvian government had concentrated a strong force of troops in the town of Tumbes, on the frontier of Ecuador. No motive was assigned here for the reported movement.

Relations between Peru and Ecuador have been strained because of a 100-year-old boundary dispute but the signing last spring of treaties had been expected to solve the question.

GOODBYE DANDRUFF!

Now you can remove dandruff—easily, quickly, and safely—without using harsh chemicals. Fitch's Dandruff Remover Shampoo dissolves and washes away all dandruff with a single application. Under a money-back guarantee. No after-rinse required. As good for blondes as brunettes. Try it—You'll like it!

Beware Coughs from common colds That Hang On

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled.

Even if other remedies have failed, don't be discouraged. Your druggist is authorized to guarantee Creomulsion and to refund your money if you are not satisfied with results from the very first bottle. Get Creomulsion right now. (Adv.)

Wounded Ethiopians Are Arriving In Addis Ababa From War Fronts

By LAURENCE STALLINGS.

(By Wire)—Wounded Ethiopian soldiers are beginning to arrive here from

Some of the men reaching this city had multiple gunshot wounds which they said were inflicted by Italian patrols. This would indicate that the Italians are sending machine gun squads forward to drive off the Ethiopians and then signal their own infantry into position. Harar's chiefs are agitated at the ease with which their men are mowed down by the Italians' guns whenever the black warriors make a show of resistance.

The capture of Harar by the Italians was a severe blow to the Ethiopians. The natives had clung tenaciously to the Goralah salient for many days, hoping to hold on until Ras Desta, commanding the Ethiopian regulars in the south, could bring up his forces from Bale province.

However, there are still 200 horrible miles between General Graziani and the Italian army and it is not likely they will continue to pursue his dashing tactics. North of Sasa Baneh the terrain becomes hilly, complicating the Italian problem of keeping their lines of communication intact.

Some of the Ethiopian wounded are being taken to the Swedish hospital in Addis Ababa. This is regarded as the Ethiopians' answer to Mussolini's protest against the profusion of Red Crosses on buildings in Harar. The absurdity of carrying casualties beyond the collecting stations at Jijiga and other places nearer the front is thus occasioned by diplomatic rather than surgical necessity.

Talmadge Renews Attack on Deal, Predicts End of AAA in Ala. Speech

BREWTON, Ala., Nov. 11.—(P)—Repeating his prophecy of defeat for the Roosevelt administration next year, Governor Eugene Talmadge, of Georgia, mentioned as a possible democratic presidential candidate, termed the taxpayer the "forgotten man" in an Armistice Day address here today.

"Washington is going to wake up to the fact that it kicked the sleeping dog too hard," he predicted. "The taxpayers, awake at last, will go to the polls next year as never before."

"Not only that—the taxpayers are going to the conventions of both parties, stand shoulder to shoulder, and see that their children and their children's children are protected and have an opportunity to invest their money in American dirt, American rocks and American labor."

He urged "cutting out red tape"

and repeated his plea for the abolition of the federal tax on incomes. "If you abolish the federal income tax," he said, "you will stop an army of people who are going over the country, trying to blackmail any courageous soul who has the temerity to come out against the policies of Washington."

Renewing his attacks on the relief, financial and agricultural policies of the administration, he said "the taxpayers of this country are going to see to it that there is no such thing as a tax-exempt government bond or a tax-exempt government corporation."

The "second recovery," he said, would be the back in this country "the end of the Bankhead Cotton Control Act, the AAA and the processing taxes."

noon. Along the lower Missouri valley, drenched by week-end rains, temperatures were expected to go low in the 20's Tuesday morning, then begin a climb.

In most northern points the worst of the current cold had passed. Sunday fell in northern Kansas. At Goodland the temperature reached a seasonal low of 8 above zero.

It was freezing in Oklahoma and a biting "norther" swept Texas temperatures to the coldest yet. The mercury in many places. Snow was promised for the Rocky mountain region.

At Sidney, Neb., a heavy snow blanket extended to the city. The temperature that hit early Monday. It was 6 above in Wisconsin. Frigid rains, bordering on sleet, were forecast for Utah and Idaho.

Chicago and eastern Illinois were soaked by winter rains Monday, with a forecast for clear and colder weather. The weather was normal along the Pacific coast, which earlier felt the sting of a wintry attack that spread havoc among fruit and vegetable crops.

EVENING SCHOOL PAPER PRAISES SAFETY DRIVE

Continued From First Page.

oil of The Constitution upon the progress of the local campaign and at the same time make suggestions for its greater effectiveness. The paper probably speak while in the city, also.

Mr. Catlin, incidentally, is assistant vice president of the Aetna Casualty and Surety Company, of Hartford, Connecticut.

The American Bankers Company has signed the Safe Driving pledges 100 per cent, not only for all the company drivers, but for all personal users of automobiles in its organization.

Pledges From Recorder.

Another large batch of pledges signed in the court of Recorder John L. Cone were received yesterday by the Safety Council. Judge Cone, ever since this campaign was launched, has required every licensee before him for traffic law violations, to sign The Constitution's pledge and to promise careful observance, in future, of the simple rules of safety it embodies.

Eleven individual motorists called at The Constitution office yesterday to sign the pledge and receive the honor stickers, designating them as careful drivers, to attach to the rear window and windshield of their car.

Thirty-one signed pledges were received from the Southern Railway.

Better use of the three fundamental hand signals, which all motorists are supposed to use to tell a driver in their rear when they are about to make a turn, left or right, to slow down or stop, has been noted in all sections of the city since this campaign began.

The three signals are illustrated herewith. The signal for slow down is the same as that for stop. Signals should be given emphatically and in a manner that they cannot be misunderstood. Numbers of drivers do not, for instance, use the stop signal properly, merely letting their arm dangle out of the window in a manner which might mean either a signal or the mere careless hanging of the arm of a lazy or tired man.

The Safe Driving pledge is published in blank elsewhere in this paper and, if you are a motorist who has not yet signed, you are urged to clip it out and mail to the Safety Council of The Constitution at once. Enclose stamped, addressed envelope for the return of the little honor badge signals to go on your car.

TEXAS YOUTH BEATEN
IN LONGSHORE STRIKE

HOUSTON, Nov. 11.—(P)—A 17-year-old high school student was beaten today in a flare-up of violence of Houston's strike-torn waterfront.

The youth, Fred Buckner, suffered a badly lacerated mouth when struck by one of several men who overtook his automobile near the ship channel.

Young Buckner told Detective Captain George Patton that he had just taken his cousin, Pete Campbell, to work at Dock 13, where Campbell is employed as a checker.

CITY PAYS TRIBUTE TO WORLD WAR DEAD

Continued From First Page.

join forces to make the one-day campaign a success. Atlantans yesterday were exhorted to be as liberal as possible because of the great need for additional funds.

To the stirring strains of martial music regulars of the United States army, detachments of R. O. T. C., naval and other units marched through the heart of the city yesterday in honor of Armistice Day.

A highlight of the local observance was an address by Major General George Van Horn Moseley, commander of the fourth corps area, at Grant field, Georgia Tech.

General Moseley pointed out that the principals for which America entered the World War were lost, although the allies were victorious at arms. He pointed out that in the east and in Africa the greed for power, selfish jealousies, racial fears and the striving for individual advantage still exist.

"Human Nature Unchanged."

"Human nature remains unchanged," he added. "Civilization may gloss over and make less evident our human frailties, but it cannot fundamentally change them."

"Treaties are still scraps of paper, no less than in 1914, for those nations who find it convenient to make them so. What, then, did America exchange for the lives of more than 100,000 of the cream of American manhood, and nearly three-score billion dollars?"

"Simply this, the stark realization that America's future depends not upon the League of Nations, but upon her own virility—her will to survive, the might of her manpower."

General Moseley paid a great price to learn that lesson, but if we take it to heart we can say to our fallen heroes that, even though the ideals for which they fought have fallen into dust, they did not die in vain."

No Flags on Capitol.

Local public buildings and those of the entire state—with the exception of the Georgia state capitol—were decked with American flags and the colors of the United States flag.

Atlanta with streets decorated. No flag flew from any of the numerous flagpoles on the state capitol. Miles of flags were seen on the streets of Atlanta, which could not be reached for an explanation.

Dr. M. L. Britain, president of Georgia Tech, greeted assembled hundreds at Grant field. Miss Frances Stewart, trumpet soloist, played "My Buddy."

General Moseley was introduced by Colonel Franklin S. Chalmers, commander of the United States army reserve corps. Miss Minna Hecker, legion soloist, sang "The Star-Spangled Banner," accompanied by the Georgia Tech band.

A. J. Garing, Georgia Tech bandmaster, directed a massed band concert as a climax to the Grant field exercises.

R. A. Garner, commander of American Legion Post No. 1, Major Ralph P. Black, marshal of the day; Coach William A. Alexander, of Tech, marshal of the field; Colonel A. G. Conley, commander of Fulton County Post, American Legion, marshal of the parade; Commander Mark C. Bowman and Lieutenant Colonel G. Turner, of the United States army, were among other dignitaries on the speakers' platform at Tech.

In Other Cities.

Ben T. Watkins, of Macon, state commander of the American Legion, spoke at Brunswick.

Macon observed the day with a parade and a speech by E. C. Cooke, director of the National Emergency Council for Georgia.

A Savannah 21-gun salute was fired by the 11th field artillery to open the ceremonies there.

Edgar B. Dunlap, Gainesville, former state Legion commander, was the principal speaker at Gainesville. The North Georgia College, Dahlonega, LaGrange heard E. D. Rivers, speaker of the Georgia house of representatives.

Fonville McWhorter, of Atlanta, spoke at Milledgeville; Roy W. Harrison, of the Georgia house of representatives, spoke at Sandersville; E. C. Kitchen, commander of the sixth district Legion posts, at Eatonton.

Monument Unveiled.

Thomasville and Valdosta Legionnaires joined in observance of the day. A monument was unveiled to "The Doughboy" at Waycross.

Senator Richard B. Russell Jr. spoke at a celebration at Rome and Columbus Legionnaires directed city-wide observance of the day there.

A group of women, headed by Mrs. George H. Brewer, decorated the children's ward at Grady hospital in memory of the wartime President, Woodrow Wilson.

A scheduled air show at Candler field was postponed until Sunday afternoon because of threatening weather.

Half a score of prominent Atlantans visited various Atlanta schools during the day and impressed the 60,000 school children with the significance of Armistice Day. The youngsters attended classes as usual, except that special programs were arranged.

One of the most interesting floats in the Atlanta Armistice Day parade was entered by the Atlanta League of Women Voters.

A huge "tax dollar" six feet in diameter was shown with a large segment representing war, past, present and future. A girl, blindfolded, and representing the world, held a balance scale. On the scale, libraries, churches and other normal activities were heavily overbalanced by war. A youth, labeled "everyman" bore the burden of the scales on his shoulders. Completing the picture were two children, gazing skyward, and bearing a sign: "Tomorrow a Better Way."

Safe Driving Pledge

In the interest of accident prevention and safer conditions on the highways and in co-operation with the Safety Council of The Atlanta Constitution, I am making the following pledge:

1. To drive at moderate speed and on own side of road.
2. Not to pass cars on curves or hills.
3. To stop at stop signs.
4. Not to jump traffic lights.

5. In city traffic to be particularly watchful for pedestrians stepping into the line of traffic from parked cars.
6. Always to give hand signals showing my intention of turning to the left, to the right, or stopping, and not to leave the curb from a parked position without giving a signal.

7. To be fair to other drivers in all respects and to refrain from reckless driving.

The Safety Council of
THE ATLANTA CONSTITUTION

Fill out and mail this pledge to the Safety Council of The Atlanta Constitution, inclosing stamped, self-addressed envelope for return of windshield stickers.

STRATO-BALLOONISTS ATTAIN 74,187 FEET

Continued From First Page.

achievement of all objectives during the flight.

Atmospheric conditions deep into the stratospheric layer above the regular air level were measured. Cosmic ray data was obtained. The balloon, despite two mishaps to its fabric, was piloted some 14 miles up, practically to its technical ceiling.

Two Records Broken.

The new altitude record—officially by the instruments are calibrated—exceeds not only the official record of 61,237 feet set by the Settle-Fordney expedition two years ago, but also breaks the unofficial record of 57,300 feet set by the Russian balloonists last year of 72,200 feet. The Russians were killed in the crash of their craft.

Stevens' command to "up balloon" at 9 a. m. today in a crater near Rapid City sent the Explorer II up at a gentle pace. A 10-mile-an-hour wind sent it across the narrow crater and ballast had to be dumped hurriedly to prevent the gondola from scraping the crater rim.

The gondola with Stevens and Anderson atop it in the rigging cleared the crowds massed below by less than 50 feet.

As the sun's rays warmed the gas within the sagging bag, the balloon began to drift upward. The rise was more rapid than during the pilot's ascension last year in Explorer I.

That flight ended in a crash near Hot Springs, Neb., from which Stevens and Anderson escaped by parachute. Patches in the top of Explorer II apparently had no effect on its lifting possibilities.

Previous Attempt Halted.

A rip in the top of the bag prematurely ended an earlier attempt to get Explorer II aloft this summer. A new rip in the fabric was found during inflation early today, but was patched rapidly. It delayed the start for two hours.

Shortly before noon, Stevens reported by radio that his instruments indicated an altitude of 67,000 feet, a new record.

A few minutes later, the giant bag was reported at 72,000 feet and work was started on the scientific measurements. At 12:30 p. m. Stevens reported the altitude as 73,500 feet.

The sky is a dark purple overhead and black at one horizon and dark blue at the other," he said.

Stevens then read recordings on a cosmic ray instrument to Dr. W. F. G. Swann, in New York, by radio. At 12:25 p. m. the Explorer II had reached 74,187 feet.

Temperature in Gondola.

Stevens reported to his sponsors that temperature inside the metal, sealed gondola was about 21 degrees Fahrenheit and that instruments outside the gondola showed a temperature of 76 degrees below zero.

"The windows are frosty and we have to wipe them off," Stevens said earlier when the balloon first came into the intense cold of the stratosphere.

When the record was broken, the balloonists were about the South Dakota-Nebraska boundary line, north of Valentine, Neb. As they descended they were caught by a westerly wind which whirled them eastward toward Yankton, S. D.

Then between the 20,000-foot level and the 5,000-foot level, they drifted northwestward.

They were in the air eight hours and 12 minutes.

PICCARD CONGRATULATES
AMERICAN BALLOONISTS

BRUSSELS, Belgium, Nov. 11.—(P)—Professor Auguste Piccard, pioneer of stratosphere balloon flights, congratulated tonight Captain Albert W. Stevens and Captain Orvil Anderson for their record ascension today, disclosing that he has made plans to undertake a flight 90,000 feet above the earth.

The flight, which would carry him about three miles higher than the Americans' 74,000-foot ascension today, is only awaiting "necessary funds."

"I am happy at the success of the American ascension," he said, "the details and preparations of which are being followed here. I sincerely congratulate the balloonists on getting so near the height at which they aimed. I regret that I was not in the party as the capacity of their helium-filled balloon is nearly twice what mine was."

cept that special programs were arranged. One of the most interesting floats in the Atlanta Armistice Day parade was entered by the Atlanta League of Women Voters.

Heights and Depths
Of Oceans and Air

RAPID CITY, S. D., Nov. 11.—(P)—These records of heights and depths give an idea of the altitude—approximately 74,000 feet—reported reached today by Captain Albert W. Stevens and Captain Orvil A. Anderson.

Official balloon altitude record—61,237 feet. Lieutenant Commander T. G. W. Settle and Major Chester Fordney, November 20, 1933.

Unofficial balloon altitude record—72,000 feet. Three Russian balloonists, killed when gondola crashed in descent, January 30, 1934.

Airplane altitude record—47,352 feet. Commander Renato Donati, January 30, 1934.

Airplane altitude record (United States)—43,186 feet. Lieutenant Apollo Soucek, June 4, 1930.

Small unmanned sounding balloon—22 miles or 116,160 feet.

Highest mountain (Mt. Everest)—29,141 feet.

Greatest ocean depth so far measured—35,400 feet.

Deepest dive made by man in sea—3,028 feet. Dr. William Beebe and Otis Barton in the Bathysphere, August 15, 1934.

Bottom of stratosphere (above United States)—About 7 miles, 36,990 feet.

Straight Up! 14 Miles for a New Record

Captain Anderson (left) and Captain Stevens (right) with the gondola that occupied when they shattered the world's stratosphere record by ascending more than 14 miles in South Dakota.

Ministers of All Denominations To Aid at Community Chest Rally

Atlanta ministers of every denomination and creed joined Monday in perfecting details of the nonsectarian meeting at the First Baptist church Sunday afternoon that will set the stage for the official opening of the Community Chest drive the following day.

Eleven ministers, representing nearly every religious group in the city, will have a part in the impressive program that will bring together thousands of church people of all denominations.

Music will be furnished by the combined choirs of the First Baptist and the First Presbyterian churches, bringing together 50 voices under the direction of Charles A. Sholden Jr. with George Lee Hambrick as organist. The entire program will be broadcast over a hook-up of the three Atlanta radio stations, beginning at 2:30 o'clock.

Pastors on Program.

Among those who will have a part in the program are Dr. C. R. Stauffer, pastor of the First Christian church and radio chairman of the Community Chest campaign; Dr. Louis D. Newton, pastor of the Druid Hills Baptist church; Dr. W. A. Shelton, pastor of Grace Methodist church and president of the Atlanta Christian Council; the Rev. John Moore, Episcopal church; Dr. J. Spore Lyons, pastor of the First Presbyterian church; Rabbi David Marx, of the Temple; Dr. Ryland Knight, pastor of the Second-Ponce de Leon Baptist church; Dr. John L. Yost, pastor of the Lutheran Church of the Redeemer, and Rabbi Harry H. Epstein, of the Congregation Anshin Achim.

Father James T. Reilly, pastor of Sacred Heart church, added Monday his endorsement to the idea of the great interdenominational meeting and urged all persons genuinely interested in their city and their churches to attend.

Father Reilly said: "Americans, and especially southerners, are known the world over for their deep-rooted sympathy which is ever quick to respond when poverty, sickness and misfortune are brought to their attention. Now, when the aid of the federal government is being withdrawn, the appeal to the individual for assistance in the relief of the more unfortunate members of our city's population is more urgent than ever."

"The Atlanta Community Chest must be filled and our generous and God-fearing people must not fail. If a cup of cold water given in Christ's name merits a hundredfold reward, and if charity to our fellow beings brings its own return, then surely all the citizens of Atlanta will be ready to seek the spiritual benefits that flow from unselfish generosity."

"God, in blessing some with the goods of this world, has made them treasures to the poor and He will seek to it that their coffers are never empty when the contents are used to bring food to the hungry, clothes to the naked, sight to the blind, hearing to the deaf, moral strength to the young and peace to the aged."

"If all could see and realize the needs of so many of our people, as we do who come into daily and hourly contact with them, their hearts would melt with pity, and their purses would open readily to the call of the Community Chest."

Bottom of stratosphere (above United States)—About 7 miles, 36,990 feet.

Top of stratosphere (estimated)—About 30 miles above the earth.

CONFESION CLAIMED
IN WEEK-OLD HOLDUP

The holdup last Tuesday of B. E. Burch, of 415 Altoona place, S. W., when a negro took a wallet containing \$47 and clothes from Burch at the corner of Williams and Linden streets, was reported solved last night by Detectives S. W. Roper and H. L. Sexton.

Officers declared that they had obtained a confession from Sam Long, 20-year-old negro, of a Third street address, that he had staged the holdup. Long was held on a blanket charge of suspicion.

FEDERAL PEN CLERK IS SUSPENDED HERE

**BAPTIST CONVENTION
GATHERS HERE TODAY****First Day To Be Featured by
Committee Report, Elec-
tion of Officers.**

Reports of the executive committee and election of officers will be featured at the opening sessions today of the Georgia Baptist convention, which will be followed by a period of organization and registration and the election of officers. Dr. J. C. Wilkinson, of Athens, president of the executive committee, will preach the convention sermon.

The executive committee reported last night a "heartening advance" in receipts during the first 10 months of 1935 as compared with a similar period last year.

Total receipts through October, 1935, were \$272,062.20 as compared with \$247,941.87 during the same months of 1934, showing an increase of \$24,120.33.

James W. Merritt, secretary of the convention, predicted that before the year is out the amount Georgia church members will have given to the "co-operative program" will be between \$500,000 and \$600,000.

The committee's report was made as final plans for the two-day meeting of the convention today and tomorrow were being laid.

Report of the executive committee will be read by Dr. Merritt in the afternoon, at which time Dr. John R. Sampey, president of the Southern Baptist Theological Seminary, will speak.

At the session tonight Dr. T. W. Tippet, secretary of the Sunday school department; Edwin S. Preston, secretary of the Baptist Training Union department; the Rev. D. B. Nicholson, secretary of the student department; and Miss Mary Christian, secretary of the Baptist Women's Missionary Union of Georgia, will report.

Work of state missions also will be reviewed by the Rev. H. C. Whitener, of Buford.

The convention is scheduled to run through tomorrow. A number of auxiliary meetings also are planned, it was announced. Atlanta alumni of the Southern Baptist Seminary, of Louisville, Ky., will hold a banquet at 5:30 p.m.

Farrell is cast in the role of an All-American who by devious means is induced to attend a meeting of the "Un-Americans," who call themselves the Students' League of Freedom. The tangle into which he gets himself when he fumbles twice and loses a traditional game after he had striven the red meeting may be imagined.

This picture is exceptionally good in that it gives a glimpse into the method in which radicals use the seeds of unrest and it is not exaggerated to any great extent. It would be a good thing for all thinking Americans to see the film.

The picture was directed by Hamilton MacFadden and is from an original story by Stan Meyer. A number of former All-American football stars, including Jim Thorpe and Moon Mullins, take part in the football sequences.—A. C. L.

**BOND ALLOWED WOMAN
HELD IN SHOOTING CASE**

A blanket charge of suspicion against Mrs. Catherine Hayes, 24, was changed by police last night to a charge of disorderly conduct, shooting at another and she was released under \$300 bond for appearance at recorder's court at 10:30 o'clock Saturday morning.

She was arrested Sunday night after her brother, Willie M. Gunn, had suffered a flesh wound of the forehead while attempting, according to police, to act as a peacemaker between her and their mother, Mrs. C. D. Gunn.

League of Women Voters' Float Shows Cost of War

At the end of the long line of military and patriotic units in the Preparedness Day parade was this float of the League of Women Voters. It depicted the expenses of war, citing the fact that they took more than 80 per cent of the national appropriations. The youth, representing the youth of the world, was pinned beneath the weight of the war cost, illustrated with a miniature cannon, airplanes, etc. On the other scale was illustrated universities and libraries.

**CASH FARM RECEIPTS
SHOW LARGE INCREASE****Income for First 9 Months
of Year Placed at
\$4,215,217.000.**

WASHINGTON, Nov. 11.—(AP)—Farmers cash receipts from sales of principal products during the first nine months of this year were said today to have totaled \$4,215,217,000.

The Agricultural Department, reporting that figure, compared it with \$3,892,002,000 in the same period of 1934 and \$3,328,838,000 in the first nine months of 1933. The figures did not include AAA benefit payments.

Decreased receipts were reported for Maine, Nebraska, North Carolina, South Carolina, Florida, Alabama, Arkansas, Louisiana, Texas, Wyoming, New Mexico and Arizona.

An increase of 7 per cent was reported in the north Atlantic states, while receipts in the east north central states were said to be 23 per cent larger than the first nine months of 1934. A 23 per cent increase was attributed to higher livestock prices.

A decrease of 6 per cent was reported from south Atlantic and a decrease of 1 per cent for south central states.

**Ding Darling Quits Wild Life Job;
Will Return to Job as Cartoonist**

WASHINGTON, Nov. 11.—(AP)—J. N. "Ding" Darling, critic of administration machinery and friend of the wild duck, today quit his job as chief of the division of wild life research of the bureau of biological survey.

He will return to his cartoon drawing board.

The resignation, effective November 15, was announced by the agriculture department while Darling was in Detroit.

The cartoonist, who by his own admission doesn't care a whoop for democracy or republicanism, will be succeeded by Ira W. Gabrielson, now consulting specialist to Darling and assistant chief of the division of wild life research. Gabrielson, a native of Iowa, has been connected with the bureau since 1915.

Blunt-spoken, explosive in his manner, caustic in condemnation of what he said was governmental red tape and inefficiency, Darling left his home in Des Moines, Iowa, to become head of the bureau of biological survey in March, 1934.

In taking the appointment, Darling became the head of a movement for which he fought for many years as a cartoonist and as an individual—to preserve and replenish the nation's rapidly vanishing supply of migratory wild fowl.

He disclaimed any interest in politics except where such interest might be used to conserve ducks and geese.

Possessed of a deep, resonating voice, twinkling, friendly eyes and an amazing amount of energy, Darling has made endless dashes about the country enlisting support of sportsmen in his cause. He was at his desk early when in Washington. More of

ten, than not he labored far after midnight.

When Darling decided governmental red tape was snagging his program, he spoke out sharply against cabinet officers and congress alike. He was promised money for his program, but weeks passed with no appropriation. He told congress if he didn't get the money he would resign. He got the money.

Typical of his snorting disdain of some governmental policies was Darling's purchase with his own money of expensive furniture for his unpretentious office waiting room.

"I'm tired of my friends coming to see me and having to sit on these park benches the government put here," Darling explained.

He wrote vitriolic magazine articles, criticizing lack of coordination of federal agencies working for conservation. He emphasized his points in letters to high officials with caustic cartoons on the stationery margins.

In a statement prepared with his resignation, Darling said he would like to stay longer but previous private obligations were prohibitive.

Secretary Wallace said he was sorry to see Darling leave and that he "leaves an invigorated government bureau, that is much better equipped to carry on because of his work there."

The conference, attended by 150 delegates from 21 states, set forth a statement of 12 principles for what it termed the "American Way." The resolution said embodied "ideals" and was not a platform.

DES MOINES, Nov. 11.—(AP)—Leaders of the young republican movement buried the hatchet today and aligned themselves squarely with the parent organization, the republican national committee, in the 1936 fight against the New Deal.

The young republicans, including a two-day national meeting last night, moved to avert a threatened breach with the senior group by inviting suggestions for co-operation.

The gathering, through adoption of the report of a committee on organization, agreed on a plan for a representative young G. O. P. organization, continued its present officers, and asked the senior republicans for recognition.

Miss Susan Collier And Mr. Gordon Are Complimented

Miss Susan Collier and John B. Gordon, whose marriage takes place today, were honor guests at a buffet supper last evening, given by Mr. and Mrs. Bolling Jones at their home on Peachtree Battle avenue, the occasion following the wedding rehearsal. The exquisitely appointed table was overlaid with a lace cover and graced in the center by a crystal bowl filled with calla lilies and swansons. Crystal candelabra held white lighted tapers and crystal jars were filled with mints and nuts.

The guests included members of the bridal party, members of the families and out-of-town guests. The latter included Mr. and Mrs. Robert W. Woodruff, of Wilmington, Del.; Mrs. Frank Lipscomb, of Chattanooga, Tenn.; Mr. and Mrs. Morgan McNeel Jr., of Marietta; Mr. and Mrs. Hugh Gordon Jr., of Miami, Fla.; Miss Mary Newman Parrish, Robert Ellis, of Atlanta, and Mr. J. H. White, Mr. and Mrs. Charles Gamble and Charles Gamble Jr., of Birmingham, Ala.

Miss Collier and Mr. Gordon were central figures at the luncheon given yesterday by Dr. and Mrs. Frederick G. Hodgson at their home on Clifton road in Druid Hills. The house was decorated with baskets and vases filled with chrysanthemums and roses. In the dining room the lace-covered table was graced with a vase holding yellow chrysanthemums and yellow and white mints filled the compotes. Guests included members of the Collier-Gordon bridal party and out-of-town guests.

Miss Winnie Bryan Is Honor Guest.

Miss Winnie Bryan, a bride-elect of November, was the guest of honor at a breakfast given by Misses Fae Allen and Sara Drennan at the Wine-coff hotel on Sunday. The table at which the guests were seated was encircled with a clothes line, the reel of which was in front of Miss Bryan. Clothes pins, cleverly painted to resemble colored mummy dolls and dressed in red and white polka-dot outfits, were attached to the clothes line at intervals and designated the places for the guests. A small clothes hamper filled with chrysanthemums and surrounded by fruit occupied the center of the table.

After the breakfast, Miss Bryan was blindfolded and asked to draw a picture of Admiral Byrd. While she was engaged in this feat, packages containing gifts for the kitchen were placed in front of her to be opened. Covers were placed for Misses Winnie Bryan, Daisy Bryan, Ross Hart, Bernice Mosley, Josephine Klockler, Arilla Sheridan, Alma Martin, Mary Alice Mitchell, Lucile Conolly, Ruth Rogers, Lucy Marvin Adams, Erna Lee Mason, Lebron Pair, Mary Drennan, Sarah Drennan, Fae Allen, Mesdames W. C. Cantrell, Lehman Wheeler, Thomas Meighan, Helen Allen, Daisy Alban, Elizabeth Owen and William H. Mills.

Relief Corps G. A. R.

Woman's Relief Corps G. A. R. met at the home of Mrs. E. Stewart Thursday. Mrs. C. A. Kling presided over the business meeting. Mrs. R. C. Schneider presented a program on Thanksgiving. According to custom, Grady Auxiliary will receive the Thanksgiving donation and Hospital 48 the Christmas donations. Reminiscences of club work were given by Mrs. Kling who stated the corps was a charter member of the City Federation 36 years ago. Mrs. Kling celebrated her 85th birthday on October 15.

Iris Garden Club.

The Iris Garden Club meets tomorrow at 11 o'clock with Mrs. Julian Thomas at her home, 57 Rumson way.

Sally Forth's Musings Inspire Letter From Talented Quilter

By Sally Forth.

THAT Sally Forth's musings are far-reaching is evidenced in a letter received by Mrs. C. A. Sisson. A recently published description of the furnishings at Stepping Stones, Mrs. Sisson's summer home at Highlands, N. C., inspired the writing of the missive by Oradelle Sayer, of Rayle, Ga. Mention of a beautiful quilt hanging on the wall in the Chinese red room in Mrs. Sisson's North Carolina home, evoked the interest of the writer, because Miss Sayer is no end clever at quilt-making, and has turned out a piece of handwork that is remarkable.

Her picture quilt can be used as a piece of tapestry, and to give Mrs. Sisson a conception of the design, Oradelle drew a picture in colored crayons and inclosed the drawing in the letter. Blue is the predominating color, with lots of cream, brown, green and a touch of burnt orange thrown in for good measure. A brown moose stands before a clump of trees, and a lake provides the attractive background. A full moon rises in all its glory, its golden splendor reflected in the rippling waters of the lake.

The quilt, made of durable cotton material, is not appliqued, as might be supposed, but is pieced together in two-inch squares. Each square forms its part of the picture, and is quilted in small blocks. It is bordered with cream-colored material nearest to the picture, and blue material borders the outside to harmonize with the predominating color.

Rayle is located two miles south of the Atlanta-Augusta highway, eight miles east of Lexington, Ga. When Mrs. Sisson travels on highways 10-78, she intends to motor to Oradelle's home to see the picture quilt, which beautifies the wall as a piece of tapestry.

ON SUNDAY the doorbell rang at Stoneherge, the home of Mr. and Mrs. Tom Eldridge, and when the butler answered it, there were two young gentlemen. They had come to call on little Miss Leila Elizabeth Eldridge, adorable young daughter of the household.

One of the callers was Marion Colson, resident of the Tech chapter of the Phi Kappa Sigma fraternity, and the other was Bill Woodward, past president of the fraternity. They had come to congratulate the young lady on her second birthday and to present her with a Phi Kappa Sigma pin in the name of their chapter. Of course the pin is very small, the tiniest you can imagine, and just above the crest it is set with an exquisite little pearl. On the back it bears the name "Lee," by which the baby is affectionately called, the name being formed by her three initials.

When little "Lee" was born, the Phi Kappa Sigmas presented her with a lovely silver spoon, for her father is one of their most valued members and their alumni advisor. In fact, he is a past president of the chapter, and he and Mrs. Eldridge, the former Leila Mason, have been so closely identified with all their undertakings that the members regard them as guardian angels. It is only natural, therefore, that they should want to "pledge" small "Lee" at the tender age of two.

WHEN Mrs. Temperance Davis tossed her bridal bouquet to her friends Saturday morning following her marriage, it fell into the hands of pretty Susan Eber Jones. Which all goes to prove that there is something to the meaning of the symbols which have been traditional with weddings since time immemorial.

Susan, you know, becomes the bride of Ed Medlock on December 7, and to Sally's knowledge, she

Lucas-Storey Bridal Party Is Honored

Miss Jean Lucas and her fiancé, Frederick Storey Jr., were honor guests last evening at a dinner party given by James Minter Jr. at the Tavern tea room. The guests were seated at an attractively-appointed table arranged in a private dining room.

The decorations featured the bridal motif with the shades of green and white prevailing.

The guests included members of the Lucas-Storey wedding party, and Gross Harper. After dinner Mr. Minter and his guests attended the theater.

Mrs. Marion Courts complimented Miss Lucas at luncheon yesterday at her home on Peachtree Battle avenue, the exquisitely appointed table being adorned with crystal cornucopias filled with silver fruit. Covers were placed for Miss Lucas, Misses Jane Cunningham, of Washington; Rosalind Vereen, of Moultrie; Mesdames James Campbell, Francis Bird, Carroll Hay, J. D. Robinson Jr. and Mrs. Courts.

Miss Carmichael Will Be Honored

Among important social events of the week is the elaborate buffet luncheon to be given on Friday by Misses Aileen Timmons and Clara Mitchell McConnell honoring Miss Marjorie Carmichael, a popular debutante daughter of Mr. and Mrs. A. Homer Carmichael. The affair will be given at the home of Miss McConnell on Fairview road, and will assemble 75 members of society.

Mrs. A. Homer Carmichael will preside at the coffee table and assist in entertaining will be Mrs. Willis Timmons and Mrs. Lucius McConnell, mothers of the hostesses, and Misses Ethlyn Johnson, Belle Meador, Jennie Champion, Bright Rickerstaff, Sara Trayham, Jane Thomas, Frances North, Mary Hutchinson, Frances Woolford, Anne Scott Harmon, Ida Thomas and Mesdames Frank Terrell and Dan Clarke.

Miss Hilda Faust Honored at Shower.

Miss Hilda Faust, bride-elect, was entertained with a surprise handkerchief shower at the home of Mrs. Ray Miller, on Stokes avenue, recently. The guests included the ladies of the Gordon Street Baptist choir. During the evening toasts were written to the bride and presented to her in booklet form.

Present were Mesdames F. R. Hart, C. H. Glass, W. T. McReynolds, Arthur McReynolds, Ray Miller, T. E. Clynar, Rachel DeLoach, B. L. Sayer, Mable Anderson, W. H. Faust, E. W. Allen, Misses Mary Frances McReynolds, Leila Landers, Rosa Arnold, Hilda Faust, Marietta Faust, Sara Cofer, Evelyn Hutchins, Sara Milner.

Fidelis Class Meeting.

The Fidelis Class of Capitol Avenue Baptist church met at the church recently with Mrs. W. W. Chapman presiding. Mrs. J. G. Mobley led the devotion.

A social hour was enjoyed, with Mrs. H. A. Barfield in charge. Little Miss Catherine Williamson rendered a piano solo. Present were Misses Kathleen Lynch, Bessie Rowland, Catherine Dickey and Mesdames Bishop, Carmichael, Collier, Coursey, Cox, Dickey, Elliott, Fryer, Greer, Hornbuckle, Jones, Johnson, Goodwin, Morgan, Osburn, Putnal, Perry, Sweet, Scott, Sledge, Stokes, Turner, Ward, Williamson and West.

The Fidelis Class of Sylvan Hills Baptist church met Thursday at the church, and celebrated the fourth anniversary of the class. Readings were given by Mesdames G. C. Scott and F. W. Davis, and by Gerald Childress and Jack Salter.

For Mrs. Elkin.

Mrs. J. N. Goddard entertains at a luncheon on November 19 at her home on Oakdale road in Druid Hills in honor of Mrs. W. S. Elkin, whose marriage was an event of recent interest.

o'clock with Mrs. Glover, 125 Greenwood place, Decatur.

I. N. Ragsdale P.-T. A. meets at 2:45 o'clock.

Jerome Jones P.-T. A. will have a daddies' meeting at 7:30 o'clock at Jerome Jones school.

Capitol View P.-T. A. executive board meets at the school at 9:30 o'clock.

Business Women's Chapter of All Saints church meets this evening at 7:30 o'clock at the parish house.

Fortified Hills Baptist W. M. S. meets at 2:30 o'clock at the church.

Groups of Druid Hills Baptist T. E. L. class meet at 11 o'clock.

Martha Chapter No. 128, O. E. S., meets at 7:30 o'clock.

Frank L. Stanton P.-T. A. meets at 2:30 o'clock.

The T. E. L. class of Edgewood Baptist church meets this evening at 7:30 o'clock at the home of Mrs. James, 432 Hardendorf avenue.

Atlanta Chapter, Service Star Legion, meets at 3 o'clock in the Atlanta Woman's Club.

Executive board of Forrest Avenue School P.-T. A. meets at 11:30 o'clock in the school cafeteria.

Miss Joyce Smith To Be Feted At Series of Lovely Parties

Miss Joyce Smith, popular debutante daughter of Mr. and Mrs. W. R. C. Smith, and vice president of the Debutante Club, continues to be honored at a series of delightful social affairs.

On Thursday, Mrs. Clifford Carroll and Mrs. Ben Watkins entertain at tea for Miss Smith, the affair to take place at the home of the former on Peachtree street. On Monday, November 18, Miss Maude Thompson entertains at luncheon for Miss Smith and on November 21, Mrs. Charles King entertains at a reception at the Piedmont Driving Club in compliment to her. Sharing honors on this occasion will be Misses Susan Baker Jones, bride-elect; Belle Meador, debutante, and Mrs. John Mooney Jr., a recent bride, who was before her marriage Miss Sally Spaulding.

In the evening of the same day Miss Smith will be formally presented to

Atlanta society at the brilliant dinner-dance to be given by her parents at the Biltmore hotel.

Mrs. Earl Cone entertains at luncheon on November 22 for Miss Smith and also Misses Roberta Crew and Margaret Holcomb. Mr. and Mrs. Robert A. Calhoun will honor Miss Smith at an appetizer party on Saturday, November 23, following the Tech-Florida football game, the affair to be given at the Piedmont Driving Club.

On November 25 Miss Leone Brooks will be hostess at luncheon for Miss Smith and also Misses Jane Adair and Margaret Holcomb. In the afternoon of the same day Miss Smith will be complimented by her aunt and cousin, Mrs. W. W. Roberts and Miss Alma Roberts, at a bridge-ten at her home on Lafayette drive. Mrs. E. O. Walsh will be hostess at tea on December 12 for Miss Smith and there will be others, the dates and definite plans to be announced later.

Miss Elsie Mullin Will Wed E. L. Whiting, of Lumberton, Dec. 7

Social importance is centered today in the announcement of the wedding plans of Miss Elsie Mullin and E. L. Whiting, of Lumberton, N. C., whose engagement was recently announced. The marriage takes place on December 7 at 4 o'clock at the home of the bride's mother, Mrs. John H. Mullin, on St. Augustine place, Dr. J. Spole Lyons will officiate.

John H. Mullin will give his sister in marriage and Misses Betty Shaw and Beatrice Mullin, of Washington, will be bridesmaids. Russell Burry, of Lumberton, will be best man, and the ushers will be John T. Hancock and Harry Gunnin.

Prior to their marriage Miss Mullin and Mr. Whiting will be honored at a series of delightful social affairs. On Thursday, November 21, Mrs. Guy Holcomb Jr., entertains at a bridge-luncheon at her home on Eleventh street. Mrs. Wallace D. Weathers honors the lovely bride-elect at a bridge-ten on Saturday, November 23, at her home on Peachtree road.

On Tuesday, November 26, Mrs. Joel Cloud entertains at a bridge-luncheon at her home on Maddox drive.

Mr. and Mrs. Buttrill To Entertain Nov. 16.

Mr. and Mrs. Charles H. Buttrill, of Jackson, Ga., entertain at dinner on November 16 in compliment to Norman M. Cony, of New York city, vice president general of the Huguenot Society, of the Colony of Virginia.

Guests will include charter members of the Georgia branch, which will be formally organized November 16 at the Biltmore, and are Mrs. Bryant Wade Collier, Dr. James Augustus Wood, Mrs. Samuel Sarah Smith, Savannah; Mrs. William Harrison Hightower, C. D. Tebo, Mr. and Mrs. John Faver, of LaGrange; Miss Julie Durbin, Graymont; Dr. Thomas W. Collier, Samuel Sarah Smith Jr., Savannah, a charter life member.

Associate members will include Messadames John Marshall Slaton, James A. Wood and Lawrence McCord. Distinguished guests include Mrs. Aurelia R. McMillan, former governor John Marshall Slaton, Chief Justice John S. Yeomans, Mr. and Mrs. James W. Clarke, Augusta, and Mrs. Edward K. Van Winkle Sr.

Others planning to entertain in honor of these distinguished visitors are Mr. and Mrs. Samuel Sarah Smith, of Savannah, have planned a breakfast for November 17 at the Biltmore, and later they will motor to points of interest in Atlanta.

Mrs. Jewett Honored.

Mrs. Marcia Jewett, worthy grand matron of the O. E. S., was honored at a dinner given by Mrs. Clyde Moore, worthy matron of Lakewood chapter, recently at her home on Brown Mill road.

Guests included Messadames Marcia Jewett, Vassar Edwards, Ella Buchanan, Wilhelmina Browne, Ruby Braswell, Othello B. Poole, Annie Miller, Willie Crockett, Ella Newman, Margaret Crane, Josie Adams, Mammie Sheridan, Effie Marguaret and Elmo Moore.

NEW MASCARA

gives the soft, star-like effect you've wanted for your eyes...

Tattoo

FOR EYELASHES AND BROWS

Here, at last, is a mascara that darkens lashes—makes them appear twice their actual length—without giving the eyes a soft, star-like appearance instead of the usual bold, "theatrical" look. Cream form—no water is needed. Comes in a tube. Applied with a comb and so truly easy to apply that the very first try yields a perfect result. Really waterproof—smudge-proof—harmless. Tattoo your eyelashes and brows!

Women Voters' Board Members Give Tea On November 19

The third of the series of teas given by board members of the Atlanta League of Women Voters takes place at the home of Mrs. Andrew Fairlie at 3 Peachtree Battle avenue, on November 19. Board members sponsoring the tea are Messadames Charles Dillingham, Robert Perkins and Miss Catherine Collier. Assisting Mrs. Fairlie and the board members will be Messadames J. Morgan Smith and Henry M. Powell. While the tea is for new and prospective members of the league, league members and their friends are invited.

Third meeting of the series of the class studying local government at the Family Welfare Society, sponsored by the league will be held on Wednesday morning at 8:30 o'clock at 11 South Pryor street. Mrs. Ronald Pentecost will speak on "Fulton County Government." This service is available to groups in and around Atlanta, and the Atlanta league will be glad to provide lectures for lectures or study groups on many civic projects.

The class in international co-operation of the League of Women Voters meets November 14 at 10:30 o'clock at league headquarters, 1030 Peachtree street. The chairman, Harold Jordan, the chairman, announces that Miss May King will continue her talks on the League of Nations, and there will be the 30-minute discussion of current events.

Board members appointed to attend the meetings during November are: City council, Messadames Charles Conklin and J. O. Sanders; board of education, Mrs. J. D. Thomas; staff meeting, Mrs. Charles Dillingham. Any league member who desires to attend these meetings may accompany these women by making an appointment over the telephone.

Duo of Debutantes Honored at Tea

A delightful compliment to Misses Belle Meador and Elizabeth Wilmet, debutantes, was the seated tea given by Messadames James T. Williams and Frances Wilmet yesterday afternoon at the Piedmont Driving Club.

Tea was served in a private dining room of the club, which was artistically decorated with a profusion of chrysanthemums, smilax and other fall flowers. The serving table was centered with an attractively arranged bowl of white chrysanthemums, and the table was decorated with white tapers were placed at either end.

Guests included Misses Mae Morrow, Margaret Holcomb, Scott Meador, Joyce Smith, Eleanor Gray, Judy Rees, Eleanor Spaulding, Jane Adair, Roberta Crew, Virginia Merry, Mary Hurt Rebecca Young, Frances Austin, Elizabeth Spaulding and Messadames Robert L. Meador, Joseph Moody, Anthony Drexel III and W. S. Elkin.

B. and P. W. Club To Discuss Convention.

The facts and findings of the convention of the National Federation of Business and Professional Women's Clubs, held in Seattle this year, will be discussed at the meeting of the club Wednesday evening, at the Frances Virginia tea room, at 6:15 o'clock.

Miss Leita Thompson, official delegate to the convention, and Miss Osie Willis and Miss Frances Carter will lead in the discussion. Miss Willis and Miss Carter will also tell of their visit to Alaska while in the northwest.

H. K. Mitchell and Emment M. Lusk, artists, and Miss Kate Hammer, designer, of the art department of Ivan Allen & Marshall, will act as judges in the local poster contest to secure a poster to be used during the convention. The winning poster in Atlanta will compete with the others from Georgia for the state prize, and the winner in the state contest will be sent to New York for the final contest and the national award of \$50. Although a number of posters have been received the committee will continue to take them through November 12, according to Miss Ethel Holbrook, chairman of the local committee. They may be given to Miss Holbrook at a window, 3, banking room floor, of the First National Bank.

Matthews P. T. A.

Wednesday evening, November 13 at 8 o'clock, Willie Kaiama and his Royal Hawaiians will present a program at Matthews School auditorium under auspices of the local P. T. A. He brings with him from radio station WSB, Atlanta, the Tylon Sisters in acrobatic, adagio and tap dances; Paul Webber, pianist; Princess Lei Lehua gives a brief history of Hawaii, its customs and traditions and a beautiful native dance. The public is invited, the proceeds to be used in the school work. Prices are 15 and 25 cents.

Queen Esther O. E. S.

Queen Esther Chapter, O. E. S., will meet Wednesday evening at 7:30 o'clock, at the Red Men's wigwam, at 160 Central avenue, at which time Mrs. Sarah Grande, worthy matron, will be honored.

Peace and World Fellowship Is Theme Of Y. W. Program

Peace and world fellowship will be the theme of Y. W. C. A. programs during the two weeks, with Miss Winifred Wynn, from national headquarters, leading the discussion with the staff Tuesday morning.

The O'Keefe Girl Reserves hearing Li Fong, Georgia Tech student from China, Tuesday afternoon, and the Girl Reserve Inter-Club Council entertaining foreign students from Agnes Scott, Emory and Tech on November 21.

The S. O. S. Club, meeting Tuesday evenings, is beginning a "Personality Analysis" series and will have Dr. E. H. Rice, of Emory University, as speaker this week. The Southern Bell "Y" Club is planning a dance to be given at Druid Hills Golf Club, December 6, with music furnished by Frank McSherry's orchestra.

Camp Highland will be open this week-end for Girl Reserves and their friends, when they will enjoy hiking, recreation, worship, Miss Anne Pridmore announces that this is the last week-end for Girl Reserves and urges that reservations be made by 10 o'clock Saturday. Several summer counselors and Agnes Scott club leaders will attend.

A new Girl Reserve group is organized in College Park by 15 members of the Second Baptist church. Leaders are Miss Elizabeth Riley and Miss Rosa Sherman. Cox College students, who will be assisted by a committee of interested mothers. Meetings will be held on Wednesday afternoons at the homes of club members.

Druid Hills Club holds a recognition service Tuesday, with Misses Lillian Morris, Florine Guy and Barbara Henry in charge. Mothers are invited to enjoy music and a social hour. On November 15, Girl Reserve committee continues the study of Y. W. C. A. principles and beliefs, with Miss Charlotte Calif describing work of the industrial department. Mrs. O. H. Matthews, who entertains the committee at her home, 61 Barksdale drive, at 11 o'clock, invites any "Y" members who are interested in this study.

On November 18, Miss Carrie Scudrett, of Agnes Scott College, speaks to the Girls' High Club on "How to Make Choices." Miss Mary Kate Burruss is in charge of the candlelighting ceremony for installation of members. Mrs. David Harwell, a member of the executive board of the city P. T. A., is adviser for this club.

Modern interpretative dancing, taught by Miss Eugenia Dozier, is the latest class added to the health education department and will be limited to 10 members. Beginning Wednesday at 7:30 o'clock, the course will last six weeks and will attract many devotees of the modern dance, who appreciate Miss Dozier's excellent interpretations. Further information may be secured by calling the "Y" information desk, Walnut 8901.

Miss Frances Blodgett gives a bridge-shower at her home in Decatur for Miss Gussie Jo Mullis, bride-elect.

Business Woman's Circle of Georgia Power Woman's Club sponsors a benefit bridge at Piedmont hotel.

Mrs. R. I. McClure entertains officers and chairman of the Alliance of the First Baptist church at a luncheon at her home on Peachtree road at 1 o'clock.

Mrs. John Boman Jr. entertains the Alpha Omicron Psi alumnae at tea at her home on Peachtree road.

Atlanta League for Hard of Hearing hold open house in clubroom, 403 Medical Arts building, from 12:30 to 5 o'clock.

Woman's Auxiliary of Emory hospital sponsors the lecture on "Care and Treatment of Children" in the auditorium of the hospital at 3 o'clock.

Lebanon Chapter No. 105, Order of Eastern Star, will sponsor a turkey luncheon at Storch's tea room from 11 until 2 o'clock.

Mrs. Boman Honors Alpha Omicron Psi.

Mrs. John Boman Jr. will entertain the Atlanta Alumnae of Alpha Omicron Psi this afternoon at her home on Peachtree road. After a short business meeting tea will be served.

Invited are Messadames Mary Ella Boman, Betty Hadley, Mary Hurt, Valmore Eide, Jennie Spencer, Wanita Walter, Messadames Douglas W. Copeland, A. D. Dubose, L. N. DuBard, Alan Ford, Charles Garney, J. L. Garton, R. E. Matheson, Rawson Collier, John McConnel, John M. Nichols, Fay Pearce, Harold A. Tyler, James H. Taylor Jr., Robert B. Taylor, H. B. Cummings, W. W. Ford and R. E. Duncan.

Mr. and Mrs. Cobb Observe Anniversary.

Celebrating their second wedding anniversary, Mr. and Mrs. Cobb held open house Sunday afternoon at their home on Lombardy way. Receiving with Mr. and Mrs. Cobb was Miss Nell Tomlin who was maid of honor and only attendant to Mrs. Cobb, who before her marriage two years ago was Miss Jean Burnett.

The guest book was kept by Mrs. Ray W. Slade, and 30 guests called during the afternoon.

Lewis Haase is seriously ill at the Georgia Baptist hospital where he is undergoing an operation last week.

Miss Eloise Franks has returned to Athens after spending the week-end with Misses Ruth and Bernice Thomas at the Imperial hotel.

Miss Lorraine Roberts, of Anniston, Ala., arrives today to visit Miss Scott Meador at her home on Peachtree road.

Dr. and Mrs. Charles E. Dowman have returned to New York after a visit to their mother, Mrs. Charles E. Dowman, on Linwood avenue.

Mrs. Cooper Pope Sr., returned Sunday from a visit to her niece, Mrs. William Jay McKenna, at Manchester-by-the-Sea, Mass., and to her nephew and niece, Dr. and Mrs. Eugene Robbins, in Newark, N. J. Mrs. McKenna and her children will arrive in the near future to spend the winter at her home on Peachtree street, and at Argyle, near Smyrna.

Mrs. and Mrs. Parker Evans, of Birmingham, returned home Monday after spending the week-end with Mr. and Mrs. Ralph Paris.

Miss Susan Noble is visiting in Fort Benning as the guest of Major and Mrs. William Elliott.

Mrs. and Mrs. Arthur S. Bird are in New York.

Miss Susanelle Crawford, of Toconog, Ga., is ill at Crawford Long hospital.

Miss Ethelyn Allen, of Savannah, is visiting her parents, Mr. and Mrs. J. B. Evans, at their home on Eleventh street.

Miss Riley and Dr. Boland Feted At Parties Prior to Wedding

Mr. and Mrs. Carroll Latimer Jr. were hosts last evening at a buffet supper given at the Capital City Country Club in honor of Miss Octavia Riley and Dr. Kells Boland Jr., whose marriage will be brilliantly solemnized Thursday evening. The guests, numbering 30, assembled in the club lounge for appetizers, and the buffet supper was served in the dining room. The buffet tables were attractively decorated with yellow and white chrysanthemums.

Miss Riley was honor guest at the troussau-ten given yesterday by her mother, Mrs. James L. Riley, at her home on Habersham road, to which no invitations were issued. Pastel flowers in attractive arrangement decorated the reception rooms, and members of the Riley-Boland bridal party assisted in entertaining.

Misses Deas Smith and Laura Troutman complimented Miss Riley at luncheon yesterday, at the Piedmont Driving Club. White snapdragons and pink roses graced the center of the table, covers being placed for the bride-elect, Miss Riley, Misses Mary Ann Carr, Louisa Robert, Anne Alston, Louise Richardson, Mrs. J. P. Allen Jr., Mrs. Norbert Turner, of Memphis, Tenn.; Mrs. W. Carroll Latimer Jr. and the hostesses.

Sunday afternoon Miss Riley and Dr. Boland were honor guests at an appetizer party given by Mr. and Mrs. Evelyn Harris at their home on Peachtree circle. White and silver formed the motif of the decorations and the guest list included friends of the honor guests.

Prominent Members of Society Form Junior Assembly in Athens

ATHENS, Ga., Nov. 11.—Filling a long-felt need in Athens, 25 of the city's most popular members of the younger set met Saturday and organized a Junior Assembly, a group around which much of the social life of Athens will revolve.

Members of the assembly are as follows: Misses Eugenia Arnold, Julia Bradwell, Messadames Julian Cox, Ed Dorsey, Gordon Dudley, Misses Mary Cobb Erwin, Mary Lamar Erwin, Mrs. Arthur Griffith, Misses Elizabeth Hall, Sarah Hill, Virginia Hodgeson, Janet Jarman, Marion Mathis, Messadames Paul Mehl, Harry Meier, David Michael, LeRoy Michael, Charles Parrott, Miss Marie McHatten, Messadames Albert Sams, Murray Thomas, Miss Julia Stoll, Messadames Thomas Tillman, Bob Watterson and Jack Wilkins.

The Junior Assembly is organized to do charity work, the city of Athens, and establishment of a children's ward in the General hospital with the revival of the city's children's clinic as the ultimate aim.

Plans were discussed for a charity ball to be given during the Christmas holidays, and the club will inaugurate its social program with a party given in the early part of December.

Miss Elizabeth Hall presided at the meeting, at the request of the organization, and will be acting chairman of the next meeting, on November 25. The Junior Assembly plans to model itself after Junior Leagues in other cities, and at the first meeting adopted a constitution and by-laws closely resembling those of the League.

Membership will be open twice each year, in May and October, and two members will be elected at each time. These will be affiliated with the assembly as provisional members for one year, and at the end of this apprenticeship will become full-fledged members. No additions to the charter groups will be made until May, 1936.

Following the dinner tables will be placed in the assembly room for those who desiring to remain for bridge. Price of tickets will be 75 cents. For reservations, phone Mrs. Thomas J. Riley, Hemlock 2090, or Mrs. Fredrick C. Rice, Raymond 3687.

Maple Grove No. 86 Holds Meetings.

Supreme Forest Woodmen Circle, Maple Grove No. 86, Officers' Club met with Mrs. Verna Storm, 318 Fourteenth street. Present were Mrs. Clara B. Cassidy, national director and state manager; Emma Brook, past state president and financial secretary; Annie Byers, state attendant and North Georgia district president; Myrtle Hardy, national representative and state captain; Sue Jackson, Amanda Vaughn, Eleanor Wingate, Sophronia Scoville, Gladys Joiner and Florence Scarborough.

Loyalty Club of Maple Grove No. 86 met with Gladys Joiner Wednesday at her home on Newman avenue, East Point, Ga. Scarfs were made to send to "Our Home" in Sherman, Texas. Members will sell poppies at the Georgia Trust Company building on November 12. Amanda Vaughn is chairman; Sophronia Scoville, Henrietta Winters, Blanche Scoville and Gladys Joiner will assist.

Parsonian Club.

Mrs. A. C. Edwards will entertain the Parsonian Club at luncheon on Wednesday at 3 o'clock at 1718 North Pelham road. In the afternoon the club will pack its annual box for the unfortunate.

W. C. T. U. "Dues Tea."

McLendon W. C. T. U. will hold "Dues Tea" Thursday at 3 o'clock at St. John Methodist church. A special program will be rendered.

Riley Smith Named at Quarterback on Mehre's All-Southern

Our Mr. Earl Mann is my idea of a man. At the baseball meeting yesterday in Memphis he and Joe Engel led a vain fight against the iniquitous Shaughnessy system in the Southern league.

When it became apparent there was not another vote to be argued out of the "yes men" rallying around the banner of Thomas Watkins, of Memphis, Mr. Engel spoke up and said, "Oh, well, let's make it unanimous."

"What do you say, Mr. Mann?" asked League President John D. Martin.

"We are against it and I will vote 'NO,'" said Earl Mann, president of the Atlanta Crackers.

And so it went into the records for the second year in succession that of the eight Southern league directors only one—the Atlanta director—voted for honest baseball for Southern league fans and not a "system" which deprives the team winning the most baseball games in a schedule of 154 games of its legitimately-won pennant and forces it into a play-off schedule.

Directors voted Hughes Spalding, former president of the Atlanta club and now one of its directors, a lifetime gold pass. Spalding, one of the south's best known attorneys, is a real asset to baseball circles.

The directors did make one constructive move—and only one—they will open the season on April 12 and close it early, on Labor Day, September 7. Atlanta will open one day earlier, meeting Engel's Lookouts, on April 11.

In the face of so much reactionary attitude, Mann did not even bring forth his resolution to increase the player limit.

There was one bit of pathos in the report from Memphis. When the Atlanta club was in the hands of owners other than the present ones, the late Johnny Dobbs was brought here as manager. He was released in an unwarranted act and his tragic baseball climax began with that release. Yesterday the directors of the league in which he served for so many years, voted his widow the sum of \$50 per month.

ITALIAN DOG.

"She looks like a cross between a pointer, an airedale and a chrysanthemum."

That is Mr. Thomas C. Chubb's description of a new bird dog which will make its appearance at the annual southern amateur trials at Albany a couple of months hence when the "frost is on the pumpkin and the fodder's in the shock."

It must be quite a dog, to resemble a chrysanthemum, and I am anxious to see her perform in the puppy class at Albany along with our American setters and pointers.

Mr. and Mrs. Chubb, with a plantation at Thomasville, spent the summer in travel and purchased the dog in Italy. His letter is an interesting one and tells the story of the new dog:

"I wonder if you ever got my postal from Patras. We took a sudden trip abroad this summer. Sailed on the Conte Grande to the Azores, Lisbon, Gibraltar, Algeria, Palermo, Naples, Patras and then got off at Venice, which latter is quite an experience. I have been to Venice before, but never sailed into it on an ocean liner. We stayed there a month as I had some research to do. Then we worked south through Mantua, Parma, Florence, Rome and finally to Naples, whence we sailed for America. So we saw very little of the north.

"We brought back with us one rather amazing trophy—which I hope to show you down here, but if you don't get here I will bring to Albany. A strange young Italian bird dog of a breed known as a spionini. They are like nothing I have ever seen. They are liver and roan in color (ours is some orange and white, and some liver and white) and they look like a cross between a pointer, an airedale, and (yes, I am talking of the flower) a chrysanthemum. According to the Italians, they will point and retrieve from land as well as water and they are said to be a one-man dog, unlike a pointer.

"But what impresses me most about my example (Springwood Roma, sir) is that she is absolutely afraid of nothing. In fact, I am surprised that Mussolini let her out of the country for she acts to me as if she could win his war for him single-handed. For years I could never have another dog in the house because 'Spider' wouldn't let me but she (aged four months) took exactly seven days to set him right. When she appeared, he tried to growl her out. This has generally made any other dog decide that under the sofa was a good place. She merely licked him on the nose. 'Sanctions,' said she, 'will have absolutely no effect unless backed up by force.' He continued growling. She continued licking his nose. She won out. They are now very good friends.

"I am terribly interested to see how she will work out. She has a heavy chain which she wears around her neck and collar (in fact, her name really means briar-dog) and I should think that as Italy is a warm country, they should get on well here in south Georgia. If so—with the kind permission—I am going to import a male and breed them. I let her trail pheasants in the north and she seems to have a good nose and as far as shoes are concerned she is a born retriever. It has been so hot we haven't tried her on birds yet. She remains, however, a new dog and I can hardly convince the colored people on the place she really is a dog."

(Editor's Note—It must be that chrysanthemum cross.) Well, it will be interesting to see the spionini (briar-dog) in action at Albany. There are some briars there. The pointers don't take them very well. I'll never forget the chagrin of a gentleman from Orlando, Fla., at the southern amateur two winters ago. His pointer went bounding into a briar patch before she knew what it was. And there she stood—immobile. The handler had to go in and carry her out.

THOSE AUBURN BOYS.

From reports received after returning from the Georgia victory over the Tulane, it seems the Auburn boys have some sort of bird dog ability with regard to retrieving that football.

They kept retrieving it no matter where the Techs threw it. The south possesses two great centers this year in Kay Francis, at Alabama, and Walter Gilbert, at Auburn, but Gilbert seems to have a slight edge. Either man would be a joy forever to any football team or coach.

Auburn's return to power means the Georgia-Auburn game at Columbus on Saturday week will be one of those games on the "must" list. George Woodruff, former head coach at Georgia where he starred in football, and for many years a well-known businessman at Columbus, predicts a sell-out for the game there. There are seats

Newly Discovered Hormone Help Men Past 40

Generally around and after 40 one's vigor begins to wane and his vitality and energy in many cases to mental and physical fatigue or to ill health. A newly discovered hormone (called androsterone) has been found to be of remarkable help in improving vigor and increasing vitality. Clinical tests with this hormone have produced amazing results. The hormone, fortified by other valuable agents, is now available in tablet form under the trade name of *Andro*. This medicine for men—(a package for women)—and may be obtained at Taylor's Prescription Shop, Peachtree and Oak, who will refund your money if you do not feel considerably benefited after taking 20 tablets. Interests only one month.

Memphis Seeking Army-Ole Miss Go

MEMPHIS, Tenn., Nov. 11.—(UP)—This suddenly football-conscious city tonight was a serious bidder for the 1936 Army-Mississippi State game. City officials joined the Chamber of Commerce in efforts to bring the Cadets here next fall for a come-back contest with the Dixie boys of Major Ralph Sasse, State College coach whose charges took the Soldiers into camp November 3.

Action was stimulated by the all-time football attendance record of 12,000 set here Saturday at the Tennessee-Ole Miss battle. A WPA grant is sought to enlarge Crump stadium, scene of the game.

IKE PICKLE
Mississippi State half

DON JACKSON
North Carolina halfback

RILEY SMITH
Alabama quarterback

CHUCK GELATKA
Mississippi State end

JIM WHATLEY
Alabama tackle

Harry Mehre, head football coach at the University of Georgia, selected two members of the North Carolina football team on his mythical All-Southern eleven. Jim Hutchins, fullback, and Don Jackson, halfback, were the Tarheels

named. Mehre also picked Riley Smith at quarterback. Harry Appleby, Tech fullback, was named on the second team, as was Mit Fitzsimmons, Jacket guard, and Captain Bob Eubanks.

FOUR JACKETS OUT OF DRILL

Georgia Tech's crippled football squad took but a light workout yesterday as the battered team began to look forward to the Alabama game in Birmingham next Saturday. The Auburn team played with great power and they gave the Jackets a rather severe jolting as they tried in the last quarter. Four regular players did not participate in the light workout yesterday. Charley Preston and John Wilcox, center and guard respectively, both injured before the Auburn game, and Bud Lindsey and Fulton Brittain, hurt in the Auburn game, were the absent four. Wilcox and Preston have knee injuries. Lindsey and Brittain were severely battered and bruised. Tech has little chance to win from the Crimson Tide, which seems to have developed reserves, notably Halfback Joe Kilgore, who carry along well. The Tide won from Kentucky and Georgia despite injuries and should be able to steam-roll the Jackets who will hardly rebound from the Auburn defeat in time for Saturday's game.

Sargent, Johnson Among Prize Winners

Harold Sargent, William Johnson Jr., W. P. Branch and R. G. Parks were the winners of a special prize in the 1936 Southern Amateur tournament on the No. 2 East Lake course. The winning foursome had an aggregate 129 for the 18 holes.

Druid Hills Women Will Qualify Today

Qualifying rounds for the annual Druid Hills women's club championship tournament will be played this morning. Match play will open Tuesday and continue during the remainder of the week.

Alabama Teachers Bow to Rollins, 18-6

ORLANDO, Fla., Nov. 11.—(AP)—Rollins College made an impressive final bow to Orlando football fans here today by dealing an 18-to-6 defeat to the Alabama State Teachers. A large holiday crowd, including General Hugh S. Johnson, former NRA chief, was in the stands.

Bachman Plans War on Lateral

EAST LANSING, Mich., Nov. 11.—(AP)—Charles Bachman, head football coach at Michigan State College, said tonight he would wage an active fight at the national rules conference in New York this winter to abolish the lateral pass beyond the line of scrimmage. "There is one place for the lateral, and that is behind the line of scrimmage," Coach Bachman declared. "Beyond that point the lateral makes football a game of chance and has been the cause of many injuries to players this season. The lateral takes the science out of football and makes it a game in which the better team frequently is defeated by a freak play."

Crackers To Open Here on April 11

Earl Mann Only Director To Oppose Shaughnessy System, Which Is Retained.

MEMPHIS, Tenn., Nov. 11.—(AP)—Directors of the Southern Association of Baseball Clubs today adopted the Shaughnessy play-off system for 1936 and deferred action on a proposal to seek Class AA rating.

Only Earl Mann, of Atlanta, opposed a trial of the Shaughnessy plan for another year, while the directors agreed unanimously to consider at a later meeting the proposal of Joe Engel, of Chattanooga, to raise the association's status.

The meeting was harmonious throughout and was presided over by Judge John D. Martin, whose contract as president of the association has three more years to run. He will guide the league next year for his 18th season.

Earl Mann did not propose an increase in the player limit, but delayed it until the February meeting. It will be the second year for the Shaughnessy system, which provides for a regular 154-game schedule with the championship decided in a play-off between the first four teams. The teams finishing first and fourth meet in a series as do the teams finishing second and third. The winners of the series meet for the championship.

MRS. JOHN DOBBS. A \$50 monthly allowance was voted by the league for the coming year to Mrs. John Dobbs, widow of a special Armistice Day dogfight tournament on the No. 2 East Lake course. The winning foursome had an aggregate 129 for the 18 holes.

Second place went to S. E. Gill, Willis Callaway, J. R. Cotran and L. U. West, two strokes behind the leaders, with J. L. Morris, J. C. Kyle, W. H. Callahan and E. R. Partridge in third place.

The directors decided to clamp down on the "Annie Oakleys," voting that no passes be issued for Sunday or holiday games except to the press.

Herbert Caldwell, Memphis newspaperman, was elected publicity agent for the league with a one-year contract at a salary of \$2,000. His duties will begin immediately and will be concluded at the meeting of the directors next fall.

Highway Spalding, who was succeeded by Earl Mann as director from Atlanta, was voted a "gold" lifetime pass to all Southern association games in recognition of his efforts in behalf of the association.

The schedule committee, composed of Larry Gilbert, New Orleans, chairman; Thomas R. Watkins, Memphis; and Joe Engel, Chattanooga, will meet Monday, February 3, at the Ansel hotel at Atlanta, to draft the season schedule.

Engel's Class AA proposal may be brought up for consideration at this time as the other directors are expected to be present at the meeting.

Other business included: Selection by Judge Martin of a committee on constitution composed of F. L. Murray, Nashville, chairman; Earl Mann and Robert G. Allen, of Knoxville. Roy L. Thompson, of Little Rock, chairman, and W. A. West, of Birmingham, as a resolution committee.

West and Mann as committee to handle printing of tickets. Re-election of Charles H. Miller, of Memphis, as league statistician and of Earl Mann as director from Atlanta.

No second game of a double-header at night may begin after 11 p. m., and no inning may be played after 12:01 a. m.

The Dixie Series between the Southern association and Texas league champions will be continued.

MORRIS BROWN GAINS 0-0 TIE

COLUMBUS, Ga., Nov. 11.—Morris Brown College, of Atlanta, upset the dope by holding a fighting Alabama State eleven to a 0-0 tie in Memorial stadium here Monday afternoon before a large crowd of spectators including at least 200 Atlantans who made the trek here for the game.

An obscure lineman, R. Brown, of Miami, wrote his name in the hall of football fame with his spectacular playing, smearing Alabama's great triple threats time and again for loss and playing an all-around good game.

The Morris Brown team as a whole played great defensive football and a fairly good offensive game, but failed to have the punch to score, although Cecil Williams missed a pass over his goal line in the closing minutes of play for a certain touchdown.

Joe McCarthy, Connie Mack Have Talk At Auditorium

PHILADELPHIA, Nov. 11.—(AP)—Manager Joe McCarthy, of the New York Yankees, and Connie Mack, Athletics pilot, got their heads together in conference at Shibe park today—but whether they talked over the much-murmured deals involving the A's stars remained a mystery.

The conference lasted about three hours, and after it was all over Mack was as silent as ever about the reports that Jimmy Foss, Joe Crater, Eric McNair, Pinky Higgins and others of his stars are headed for diamonds foreign to the Quaker City.

"I wouldn't care to say now whether I am contemplating any deals," the Athletics' tall leader said later. "We didn't talk about any trades."

However, the Yankees are known to be after one or two of the A's better performers—principally Higgins and McNair, the flashy infield pair, and Cramer, the outfield star.

In addition, it is said the Boston Red Sox will do some more buying from the local American leaguers before 1938 rolls around with Fox, Higgins and Cramer reported as the articles of sale.

McCarthy could not be reached for comment after today's get-together with Mack.

Injured Gridmen Reported Recovering

Bob McCullough, injured in Oglethorpe's game with Emory-Henry in Big Stone Ga., Va., Saturday, was reported resting well Monday night.

Hospital attaches said the gridman had a good day Monday and was rapidly on the road to recovery. There was no intimation as to when he will be released from the St. Joseph infirmary.

McCullough received a severe head injury in the last minute of play against the Wasps after playing 50 minutes.

Frank Johnson Picked at Guard

Two Tarheels Make Mythical Eleven; Appleby, Eubanks, Fitzsimmons on Second Team.

Galatka, Miss. State	End	Buck, North Carolina
Whitley, Alabama	Tackle	Rukas, Louisiana
Johnson, Georgia	Guard	Fitzsimmons, Georgia Tech
Gilbert, Auburn	Center	Sabel, N. Carolina State
White, Alabama	Guard	Holmstrom, Louisiana
Patterson, Auburn	Tackle	Eubanks, Georgia Tech
Tinsley, Louisiana	End	West, Duke
Smith, Alabama	Quarterback	Schwardt, N. Car. State
Pickle, Miss. State	Halfback	Rodgers, Mississippi
Jackson, North Carolina	Halfback	Bond, Georgia
Hutchins, North Carolina	Fullback	Appleby, Georgia Tech

By Harry Mehre, Coach University of Georgia. (Copyright, 1936, by Central Press.)
ATHENS, Ga., Nov. 11.—Though there are several games still ahead, many of the football boys below the Mason-Dixon line already have won all-star recognition.

In my selection of All-Southern first and second teams, presented here, I realize that new stars may enter the picture before Thanksgiving. I am naming those who seem surest of retaining their honors as the greatest in Dixie, taking the two principal Southern conferences, the Southern and Southeastern.

Two Teams Drop From Unbeaten List Saturday

NEW YORK, Nov. 11.—(AP)—Twenty hardy survivors of the numerous early season football upsets stood up well against further assaults on their position last Saturday. The list of undefeated and untied teams lost only two members: Notre Dame, which was upset by Northwestern, and Western Reserve, held to a tie by Ohio Wesleyan.

Texas Christian and California pulled ahead of the pack, each recording its eighth victory of the season. Dartmouth, piling up a 34-0 score against William and Mary, led the undefeated group in scoring with 248 points in seven games. Others above the 200-point mark were Butler, Spearfish Normal and North Carolina.

California continued to show the best defensive record with only nine points for the opposition. Superior (Wis.) Teachers, and Shippensburg (Pa.) Teachers had allowed only one touchdown each but had played fewer games.

The national list of undefeated and untied teams follows:
TEAM.....W.....L.....T.....P.....
Texas Christian.....8.....0.....0.....133
California.....8.....0.....0.....124
Arkansas.....7.....0.....0.....119
Butler.....7.....0.....0.....112
Spearfish Normal.....7.....0.....0.....110
North Carolina State.....7.....0.....0.....109
Southern Methodist.....7.....0.....0.....106
Alabama (Mid.).....7.....0.....0.....103
Arkansas Tech.....7.....0.....0.....102
Superior (Wis.) Teachers.....7.....0.....0.....100
Florida.....6.....0.....0.....100
Shippensburg (Pa.) Teachers.....6.....0.....0.....98
New York University.....6.....0.....0.....97
Ohio University.....6.....0.....0.....94
Marquette.....6.....0.....0.....91
Minnesota.....6.....0.....0.....89
Syracuse.....6.....0.....0.....88
Middle Tenn. Teachers.....6.....0.....0.....87
Idaho (South Branch).....6.....0.....0.....83
Tampa.....6.....0.....0.....80

Pickle and Armstrong, two fine backs from Mississippi State, have shown enough stuff in their teams' great victories over Alabama and Army to be considered when All-American selections are made.

TULANE STARS.
Mintz, Odom and Loftin, backs, and Mentas, end, are real stars for Tulane, Louisiana, defeated only by Rice in their opening game. Other Auburn key men Pathe, back; Mickal, great passer; Rukas, a brilliant tackle, and Tinsley, one of the great ends of the year.

Rose, of Tennessee, is another great end who is unfortunate in being on a Tennessee team that has dropped out of the spotlight. Randy Dixon, of Vanderbilt, has been the leading factor in the Vanderbilt victories to date.

Kentucky offers her two race horse backs, Man o' War Johnson and Twenty Grand Davis, Nevers, of Kentucky, is one of the best tackles from this section. Florida's Billy Chase is a passer to be ranked with the best.

GREAT BACK.
I am not so familiar with many of the teams in the Southern conference but I do know that Parker of Duke is a really great back. Sabel of North Carolina State, is one of the best centers of the year.

The University of North Carolina, with its great undefeated team, presents a bevy of stars headed by Don Jackson, great halfback. A fine passer and runner, he has ample assistance from Buck and Bershak, ends. Hutchins, fullback, and Evans, tackle. This North Carolina team appears to be one of the best ever to come out of this part of the country.

The above list of names is far from complete. They happen to be boys that I have either seen in action or have heard of from other coaches or officials. As I mentioned in the first part of the story such a list is an injustice to many boys. I will, however, mention a few more who are mentioned. I have purposely omitted University of Georgia players.

Roberts Is Given Week to Reconsider

HELENA, Ark., Nov. 11.—(AP)—Superintendent J. F. Wahl and Principal C. B. Partee, of Helena High school, returned from Greenwood, Miss., today to announce that Floyd "Freddy" Roberts, former star Tulane football player, had been granted a week to reconsider his action in resigning as coach of the Helena football team.

Roberts told Wahl and Partee that "the school board and football team are not at fault" in his resignation.

Roberts resigned his post Saturday after Marianna handed his team a 25-to-0 defeat in its biggest game of the season.

The Helena football squad, when advised of the resignation, pooled their finances—all \$10 of it—as a fund to defray expenses of a "delegation" of seven to attempt to persuade their coach to return.

The delegation hitchhiked to Greenwood, where they watched Roberts lead the Memphis Tigers, professional football team, to victory over the Hominy (Okla.) Indians.

L. S. U. Students Are Assured Trip

BATON ROUGE, La., Nov. 11.—(AP)—Governor O. K. Allen today told the Louisiana State University student body that the 1,800 members of the university cadet corps and the 150-piece band would be taken to Athens, Ga., for the Georgia football game Saturday.

The Governor said a special railroad fare of \$10.95 for each cadet would be paid, plus \$1.50 for meals.

Other L. S. U. supporters are expected to swell the number to make the journey to several thousand.

The pilgrimage will be patterned after the excursion led by the late Senator Huey P. Long to Nashville for the Vanderbilt game.

Long last year loaned an unnamed amount running into thousands which the students repaid.

Baby Jackets Lose to Cubs, 7-0; S. M. U. Beats U. C. L. A., 21-0

PURPLES, T. H. S. OPEN PRACTICE; GAME SHIFTED

Annual Prep Classic Is Moved to Friday Night on Grant Field.

By Roy White.

Boys' High and Tech High will battle Friday night at 8 o'clock at Grant field instead of Saturday afternoon as was originally scheduled.

The transfer was made Monday morning at a meeting of the officials at Tech High school, and was due to the unusual interest being shown in the I. S. U.-Georgia game Saturday afternoon at Athens.

There is no other prep game here this week and with the Boys' High-Tech High battle scheduled for Friday night, one of the largest prep crowds of the year is certain to be present.

Boys' High after winning nine straight games this year and taking 22 of the last 23 games played, will be an overwhelming favorite.

Comparative records and past performances mean nothing in a Tech High-Boys' High scrap. It is one of those games in which both teams stake all and a victory will mean success for the season.

SMITHIES LEAD. Tech High holds an advantage of 15 wins against 7 since the series was started in 1913. And there has not been a single tie in the past 22 games.

Field goals have played an important part in the past games with five being decided by the three-point margin. One game in 1930 ended in a 2-to-0 victory for Tech High and another game, in 1931, won by Boys' High was given to Tech High on a forfeit.

Tech High holds the largest margin of victory with a 49-0 win in 1924 when Stumpy Thomson was playing havoc with high school eleven and an outstanding player on the Tech High eleven.

Chinese Mermaid

Conservative authorities in China are trying to prevent women from adopting western styles, but they can't keep Miss Yang Hsiu-Chang out of abbreviated suits when she competes in swim events, and she won the national swimming title in a meet at Shanghai. If you ask us, she's "Yang" and pretty. (Central Press.)

ALBANY WINS.

MOULTRIE, Ga., Nov. 11.—(P)—Albany continued its dash toward a South Georgia Association title here today by whipping Moultrie, 27 to 0.

MUSTANGS PASS FOEMEN DIZZY; WILSON SHINES

Texans Display Brilliant Football as 50,000 See Coast Lose.

By Brian Bell.

MEMORIAL COLISEUM, LOS ANGELES, Nov. 11.—(P)—Southern Methodist University's Mustangs galloped all over the big Memorial coliseum today to crush the University of California at Los Angeles, 21 to 0.

Fifty thousand spectators marveled at the forward passing magic of the Texans, who threw the ball with abandon from first to last.

Although the visitors scored only one touchdown—their first—directly through the medium of a forward pass, the overhead game was a constant threat. Time after time the Pacific coast team stopped drives on its goal after passes had sent the Methodist inside the 20-yard line.

TEXANS ALERT. The Texans were just as alert on defense against passes. Not until the last five minutes of the game did the home guard succeed in completing a pass.

Bobby Wilson, S. M. U.'s fast-stepping halfback, played a sensational game for the winners, although he succeeded in getting away for only one of his celebrated dashes. He ran and passed until the California players grew tired of the sight of him. He averaged six yards a try in carrying the ball.

On the other hand, the Mustangs held Chuck Cheshire, the U. C. L. A.'s ace, in check throughout.

The Californians' great line functioned ably and the visitors could not gain consistently in their rushing game but the Texans rode to victory on the wings of the best forward-passing attack seen in the coliseum in years.

They gained 183 yards on 17 passes, completed in 23 attempts.

S. M. U. SUPERIOR. The visitors showed superiority over their opponents in every department of play, except in punting, where a very slight advantage went to the losers.

U. C. L. A. averaged 42.4 and S. M. U. 42 yards.

The winners ran up a total of 17 first downs to seven for the losers and gained a total of 385 yards to 144.

LINEUPS AND SUMMARY.

'Moonbeam' Scores 185 Points in Hunt

JACKSON, Tenn., Nov. 11.—(P)—Howard Stovall's "Moonbeam," from Stovall, Miss., paced the pack in today's running of the National Fox-hunters' Association futurity.

The beautiful little puppy seemed to forget that she could have loomed and blazed it on the weather. The slow, drizzling rain and soggy ground was provoking.

But she went right ahead hunting foxes and when the judges met she had 185 points to her credit—up for hunting, 70 for trailing and 45 for endurance.

Bulldogs Hear Scouts Report, Open Work

ATHENS, Ga., Nov. 11.—Georgia's coaches lost no time in plunging into the job of preparing an antidote for the strong Louisiana State attack this afternoon, summoning the squad to the practice field only a few hours after it returned from drubbing Tulane.

Coach Vernon "Cattfish" Smith reported old L. S. U. aerial game a real threat. The Bulldogs started laying plans to halt the strong air offensive, with prospects for much work toward that end during the week.

Mickal, fullback, was touted as the Bayou Tigers' best bomber.

Having silenced the Tulane Green Wave without casualty, the Bulldogs hoped to be in tip-top trim for L. S. U. here Saturday, Bill Hartman, Harry Harman and Lew Young, unavailable last Saturday, will be back on the playing list. Charlie Harrold, end, out for the past two weeks with a bad knee, will be the only doubtful player, barring injuries this week.

PUNT DUEL. With Anderson, Green and Bond ready Georgia's punting game should equal or exceed that of L. S. U. Abe Minkal is Coach Moore's ace kicker. A Georgia punt was blocked in Saturday's game which indirectly cost a touchdown.

Coach Mehre discussed this in a long lecture dealing with the game. A short punting drill was held this afternoon.

Jess Fatheree, Dumas Tinsley and Mahallack were advanced as outstanding pass catchers on the L. S. U. squad by Coach Smith. Coach Mehre was not satisfied as a whole with the Red and Black pass defense Saturday.

For this reason he will attempt to stop it up some for the next game. Troy Odum, performing brilliantly, was tossing passes right to the spot. During the first half, however, many of them were muffed.

TIGERS HEAVIER. From the standpoint of weight and reserves Georgia will be considerably outmanned by L. S. U. Not only does the Louisiana squad boast an average of between 185 and 190 pounds, but there are more and better replacements than at Georgia. Georgia's first team averages but between 180 and 185.

News that the invading forward wall will rank with that of the powerful Alabama team was brought back by Coach Smith. Although their best attack is through the air, the Tigers will sport a line hard to stop. On defense it is a stone wall.

Saturday's performance in defeating Mississippi State's eleven by a large margin was the best offensive show turned in by the Moore-coached team this year. In previous games they have defeated Auburn and Vanderbilt in the Southeastern conference.

Rice toppled the Tigers the first part of the season in a sensational upset.

L. S. U. plays were being taught the Red Devils this afternoon as the week's drill got under way. The usual three scrimmages are planned, the first one coming Tuesday.

Bert Shotton New Columbus Manager

COLUMBUS, Ohio, Nov. 11.—(P)—George M. Trautman, president of the Columbus club of the American association, announced today Burton (Barney) Shotton, 51, manager of the Rochester club of the International league, would pilot the local club next season.

Ray Blades, manager of the Columbus team the last three years, will manage Rochester, Trautman said.

Trautman did not disclose the length of Shotton's contract, nor the salary, but indicated he would be the highest paid skipper in Columbus baseball history.

TECH FRESHMEN BID FOR SCORE LATE IN GAME

Pass From Center Bounds Into Enemy Hands, Causes Defeat.

By Jack Troy.

DRAKE FIELD, AUBURN, Ala., Nov. 11.—It was a center, Malvern Morgan, of Lanett, Ala., who presented the Auburn Tiger Cubs their second straight and final victory of the season this afternoon. Tech's Baby Jackets were the victims, 7 to 0.

Doyle Butler was back to run at his 27-yard line when Givens center snap hit him in the chest and bounced into the hands of Morgan, who lost no time in speeding on to the game's only touchdown. Morris Cook, of Phoenix City, Ala., kicked the extra point from placement.

There were 4,000 fans present at the Armistice Day battle today. This amounted to the largest crowd ever to attend a freshman game at the lovely village.

MORGAN STARS. Morgan was the leading lineman on the field, it seemed, as he roamed around back of the line, a la Walter Gilbert, and made himself utterly bothersome on the Baby Jackets' running plays and passes.

It was Morgan who intercepted Bruce Reed's pass at Auburn's 40-yard line and ran 30 yards to the Tech 30. The Tiger Cubs went on to the 16-yard line on running plays by Spec Kelly and George Gerakitis, former Boys' High player, Atlanta.

But Tech braced and the ball went over on downs.

There was a scoreless first half. The Tiger Cubs had bored to the two-yard line in the second quarter on driving a defense that was too strong, and the Tiger Cubs passed incomplete on fourth down and the ball went over.

The Baby Jackets never got closer than the 25-yard line in the first half.

THIRD QUARTER BREAK. The break that decided the game came rather early in the third quarter. Kelly and Gerakitis had played for a first down in two tries and the ball was on the Jackets' 46 when Junior Anderson, who ran and kicked impressively for the Jackets, came in fast from a backer-up position and threw Kelly for a 14-yard loss.

As said, Butler was back to run and the center snap came high and bounced off his chest. Albert Malvern Morgan was on top of the play instantly, grabbed the fumble out of the air and sold out.

Spec Kelly and some fine running for the Tiger Cubs. Twice early in the first quarter he made 17-yard gains on consecutive tries.

The Baby Jackets bid for a touchdown along toward the end of the final period, but they fell just eight yards short.

An Auburn penalty for holding and interference on Reed's pass got the Baby Jackets up to the Tiger Cubs' 45-yard line. From this point, Reed passed 37 yards to Junior Anderson, who made a great catch at the eight-yard line.

HOWELL GALLOPS. As line plays failed, Reed tried a pass and Howell intercepted it. Howell zigzagged through a broken field, hurdled one of his blockers and sped on to the Tech 25-yard line, where Wheby caught him from behind, causing Howell to fumble. Tech recovered.

Auburn having been penalized five yards for excessive time out, Reed reserve guard, intercepted it at the Tech 40. There were a couple of running plays by the Tiger Cubs, and the game ended.

Today's victory gave Auburn a clean sweep not only for the season, but also a unanimous verdict over Tech for the year. The Tiger Cubs previously had defeated Birmingham-Southern's Panther Cubs, 21 to 0.

Coach Ralph Jordan presented a smooth-working freshman team, featuring Morgan and Wolf in the line and Spec Kelly, a champion punter, star, in the back field. Gerakitis also stood out in the Tiger Cub backfield.

It may have been due to the slippery turf that the Baby Jackets' running plays never really clicked. And, again, it may be that the freshmen from the Flats have not had enough time to work on a definite offense.

ANDERSON ALONE. At any rate, Junior Anderson was the only Tech back to show a great deal. Anderson was plenty good. He got off one kick that measured 55 yards from scrimmage and another that was good for 50 yards. His kicking was great.

Then, too, Anderson showed great promise as a runner. He had a 17-yard burst in the first quarter, but he did not have much chance to get going on the slippery sod. Doyle Butler, Crockett, Anderson and Gibson were rather unsuccessful in their efforts to gain.

The Auburn Cub line was very effective. And with Morgan as a backer-up and defender against passes, there was little the Young Jackets could do in the way of an aerial attack.

Smith played well at end, with Wilcox, Bynum, Brooks and Bob Anderson doing good work in the line.

BOY NAMED STIZ. A boy named Stiz, by the way, also showed much promise in the Tiger Cub backfield.

There was little of the spectacular attached to the game. That is, with the exception of Tech's long pass which was a great play and a couple of pass interceptions that resulted in long runs.

Coaches Roy McArthur and Joe Westbrook will take their charges in hand this week and drill them in offensive play in preparation for the annual Thanksgiving Day battle with the Georgia Bulldogs at Grant Field.

BABY JACKETS POS. TIGER CUBS Smith, L. E. (5) Wolf, Rimmer, L. G. (5) Crowder, Givens, R. T. (5) Morgan, Wilcox, R. G. (5) Combs, Bynum, C. (5) Brooks, B. Anderson, R. E. (5) Howell, Crockett, Q. B. (5) Cook, Reed, L. E. (5) Kelly, Butler, F. B. (5) Fontaine, J. Anderson, F. B. (5) Mims.

THE LINEUP. Score by periods: 0 0 0 0—0 Tiger Cubs 7 0 0 0—7 Auburn 0 0 0 0—0

Extra point, Cook (placement). Officials: Grist (Tech), referee; Patterson (Auburn), umpire; Paarr (Birmingham-Southern), head lineman; Massey (Tulane), field judge.

WORLD RECORD.

BRESLAU, Germany, Nov. 11.—(P)—Adolph Kiefer, of Chicago, claimed a new world record for the 100 meter backstroke swim today when he negotiated the distance in 1:04.9.

The listed record for this distance is 1:08.2, credited to George Kojac.

Daviscourt, Roche To Grapple Tonight

The flower show has moved out of the auditorium and tonight Henry Weber's show of cauliflower ears will move in. It is a three-match wrestling card featuring Dick Daviscourt, "the meanest man," in the main event with Dorv Roche, whose arms and shoulders got that way from mining coal in Scranton, as his opponent.

Roche has been asking for a return go with Daviscourt since losing to him some weeks ago. And he gets the chance tonight in a best-two-out-of-three-falls match.

In the semi-windup Joe Cox, a well-known villain, meets Whitey Grovo, former Detroit pro football star. Ellis Bashara, French Canadian, meets Bob Wagner, of Dallas, in the opening bout.

Tickets are on sale at the Piedmont Hatters. Ladies are admitted free with paid escort.

Club To Honor Yates Thursday

Reservations for the annual Atlanta Athletic Club "sportsman dinner" must be made at the club office on or before Monday afternoon. It was announced Monday at the club.

Tickets for the buffet supper and the program which follows will be \$1 each and each member of the club can reserve plates for their guests.

A feature of the program will be Charlie Yates driving golf balls at toy balloons suspended in the air.

Yates, who won the western amateur championship, will be an honor guest.

22.50

RICH'S MEN'S SHOP STREET FLOOR

"GREATEST 'MAKIN'S' EVER"

Roll-your-owners are saying

Jack Van Ryder rolls a nice Prince Albert "makin's" cigarette in 11.5 seconds—with one hand!

A.B. Richardson, 9 sec. But remember, he didn't do it with just any old "makin's." He rolls P.A. only.

A smoker who revels in P.A.'s quick rolling and fine flavor is James O'Connor (19 seconds).

These men who turn out a perfect "makin's" smoke in quick time have the right slant on roll-your-own tobaccos.

Jack Van Ryder says: "I want to say that for sheer smoke joy I've never met up with 'makin's' that compare with good old Prince Albert. There's a rich, full taste and a mild aroma about cigarettes rolled with P. A. that suit me right down to the ground. I get about 70 cigarettes

out of every big red tin. That's a lot of cigarettes."

A.B. Richardson checks in with this: "When the boys start talking smokes, I always give a boost for Prince Albert. P. A. goes into the paper right and stays put." And James O'Connor says: "P. A. stays put in a cigarette—makes rolling-your-own quick and easy."

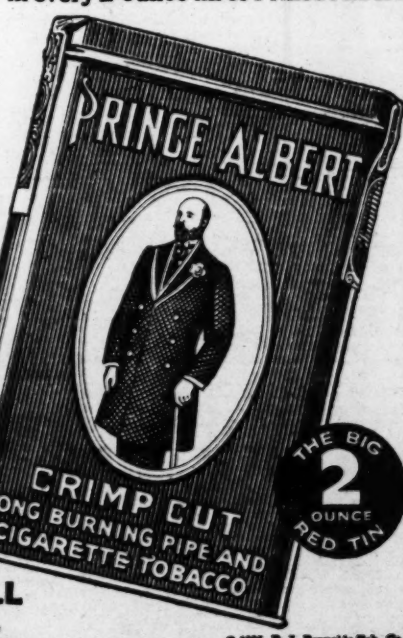

We have worked out an unusual "you-must-be-pleased" plan to attract other "makin's" smokers to P. A. It is open to all. Read it.

Reason for No-Risk Offer. Here's the reason such a straight-from-the-shoulder no-risk offer can be made. We know that in Prince Albert we've got the quality—the taste and aroma—the top-of-the-morning flavor that men are looking for. P. A. has got the goods!

For it's made from the choicest, top-quality tobacco, with mild and enticing flavor. "Crimp cut" for easy rolling and slow, cool burning. Packed the common-sense way—in big 2-ounce economy tins. That's about 70 roll-in cigarettes in every tin.

So start today to roll Prince Albert. And remember, P. A. is mighty fine in a pipe too.

70 fine roll-your-own cigarettes in every 2-ounce tin of Prince Albert

PRINCE ALBERT THE EASY-TO-ROLL JOY SMOKE
